400 THINGS COPS KNOW

STREET-SMART LESSONS FROM A VETERAN PATROLMAN

Linden Publishing How does it feel to be in a high-speed car chase? What is it like to shoot someone? What do cops really think about the citizens they serve? Nearly everyone has wondered what it's like to be a police officer, but no civilian really understands what happens on the job. "400 Things Cops Know" shows police work on the inside, from the viewpoint of the regular cop on the beat—a profession that can range from rewarding to bizarre to terrifying, all within the course of an eight-hour shift. Written by veteran police sergeant Adam Plantinga, "400 Things Cops Know" brings the reader into life the way cops experience it—a life of

danger, frustration, occasional triumph, and plenty of grindingly hard routine work. In a laconic, no-nonsense, dryly humorous style, Plantinga tells what he's learned from 13 years as a patrolman, from the everyday to the exotic—how to know at a glance when a suspect is carrying a weapon or is going to attack, how to kick a door down, how to drive in a car chase without recklessly endangering the public, why you should always carry cigarettes, even if you don't smoke (offering a smoke is the best way to lure a suicide to safety), and what to do if you find a severed limb (don't put it on ice—you need to keep it dry.) "400 Things Cops Know" deglamorizes police work, showing the gritty, stressful, sometimes disgusting reality of life on patrol, from the possibility of infection—criminals don't always practice good hygiene—to the physical, psychological, and emotional toll of police work. Plantinga shows what cops experience of death, the legal system, violence, prostitution, drug use, the social causes and consequences of crime, alcoholism, and more. Sometimes heartbreaking and often hilarious, "400 Things Cops Know" is an eye-opening revelation of what life on the beat is really all about.

WHAT COPS KNOW

POLICE CRAFT

WHAT COPS KNOW ABOUT CRIME, COMMUNITY AND VIOLENCE

A veteran police officer gives his thoughtful, balanced views on police shootings, racial profiling, community relations, and every other aspect of policing--and he'll change what you think about the police. From the author of the acclaimed 400 Things Cops Know, *Police Craft* is a thought-provoking and revelatory examination of policing in America, as seen by a working police officer. Adam Plantinga, a 17-year veteran sergeant with the San Francisco Police Department, gives an inside view of the police officer's job, from handling evidence and conducting interrogations to coping with danger, violence, and death. Not hesitating to confront controversial issues, Plantinga presents the police officer's views on police shootings, racial profiling, and relationships between police and the community--and offers reasoned proposals on what the police and the public can do better. Hard-boiled, humorous, and compassionate, Plantinga wrestles with the complexities and contradictions of a job he loves in which he witnesses so much suffering. Transcending today's strident pro-cop/anti-cop rhetoric, *Police Craft* will give every reader a greater respect for the police and greater understanding of the job they do.

101 REASONS WHY YOU SHOULD NOT BECOME A COP

iUniverse The real world of law enforcement often bears little similarity to the action-packed police dramas depicted on television and in the movies. Many people who are drawn into a career in law enforcement have little knowledge about the trials and tribulations faced by police officers in contemporary society. Author James Warner offers an objective point of view on this crisis in his insightful book *101 Reasons Why You Should Not Become A Cop*. With a diverse background including over nineteen years of experience as a police officer, traffic officer, police supervisor, and field-training supervisor, Warner delivers an honest portrayal of the negative aspects of law enforcement. He has spent numerous years collecting true-life experiences from present and retired officers--and from ex-police officers who resigned from the force. Some of the stories include: *The Heavy Badge Syndrome Injuries on the Job* *The Quasi-Military Nature of Law Enforcement* *Marriage Is a Hobby* *101 Reasons Why Not To Become A Cop* is a valuable resource for anyone considering a career in law enforcement, as well as a source of humor and comfort for veteran officers.

CRITICAL PERSPECTIVES ON EFFECTIVE POLICING AND POLICE BRUTALITY

Enslow Publishing, LLC One of the most hotly debated subjects in current events is the use of force by police personnel. In recent years, protests have taken place over most of the United States after several high-profile cases in which excessive force during arrests

was claimed. This volume examines opinions surrounding police action in the United States and abroad, such as arguments in favor of or against controversial policies such as stop-and-frisk. Through this wide spectrum of experiences, students are encouraged to reach their own conclusions using the information they have read and synthesized.

TRAUMA AND RESILIENCE IN CONTEMPORARY AUSTRALIAN POLICING

IS PTS INEVITABLE FOR FIRST RESPONDERS?

Springer Nature This book examines how fifty police officers in South Australia keep well and “bounce back” from duty-related traumatic experience in the absence of practical, accessible and timely organisational support. It investigates mechanisms police officers presently use to “normalise” their duty-related traumatic experiences to preserve the delicate professional balance between “coping” and “psychic numbing” and avoid the much publicised perils of a PTSD diagnosis, while being appropriately responsive to colleagues, victims and survivors in their daily work environment. By revealing how police officers manage trauma—outside of the expectations of mental health professionals, union representatives and police leadership—innovative approaches and recommendations are offered to support first responders in moving from assumptions of post-traumatic stress and through post-traumatic growth. The book considers recent advances in post-traumatic growth and resilience theory and reinterprets exposure in a positive context, as well as preventative experiences in Australia and internationally.

SOCIAL SCIENCE

AN INTRODUCTION TO THE STUDY OF SOCIETY

Taylor & Francis Social Science: An Introduction to the Study of Society 16e approaches social science from a common-sense perspective, rather than from a conventional social science angle. Readers will see how seemingly diverse disciplines intermingle – anthropology and economics, for example. The goal of the book is to teach students critical thought and problem solving skills that will allow them to approach social issues in an unbiased manner. New to this edition are significant updates on: Race and the police More comparison/contrasts of deviance and criminality Alternative pathways in criminal justice new technology such as self-driving cars Gay marriage American political dynasties Refugee and immigration issues in Europe & globally American political dynasties China’s growing power New trade initiatives "States" in the Middle East Nuclear arms control Expanded web-based ancillaries for students and teachers

COP IN THE HOOD

MY YEAR POLICING BALTIMORE'S EASTERN DISTRICT

Princeton University Press When Harvard-trained sociologist Peter Moskos left the classroom to become a cop in Baltimore's Eastern District, he was thrust deep into police culture and the ways of the street--the nerve-rattling patrols, the thriving drug corners, and a world of poverty and violence that outsiders never see. In *Cop in the Hood*, Moskos reveals the truths he learned on the midnight shift. Through Moskos's eyes, we see police academy graduates unprepared for the realities of the street, success measured by number of arrests, and the ultimate failure of the war on drugs. In addition to telling an explosive insider's story of what it is really like to be a police officer, he makes a passionate argument for drug legalization as the only realistic way to end drug violence--and let cops once again protect and serve. In a new afterword, Moskos describes the many benefits of foot patrol--or, as he calls it, "policing green."

JUST A COP

A MEMOIR OF MY 30 YEARS WITH THE TORONTO POLICE SERVICE AND AS AN UNDERCOVER AGENT

Independently Published Toronto, Canada. A city that has perilously transformed over a short period of thirty years from a

relatively peaceful, naive, 'small-town' city, to a sprawling urban metropolis plagued with crime, guns, gangs and violence. Just A Cop is a rare memoir written by a street level cop, Hal Cunningham, who witnessed this transformation first hand. Beginning his career in 1973 as an unarmed cadet, Cunningham earned his way through the ranks from a constable on patrol, to undercover street intelligence officer, and eventually to the rank of Staff Sergeant and Platoon Commander. This memoir is a first of its kind. Through the eyes of a frontline police officer who's been there and witnessed much, it offers a raw look at how "Toronto the Good" changed into a 'mean streets' city whose per capita murder rate is now higher than that of New York City.

VERBAL JUDO

THE GENTLE ART OF PERSUASION

Zondervan Verbal Judo is the martial art of the mind and mouth that can show you how to be better prepared in every verbal encounter. Listen and speak more effectively, engage people through empathy (the most powerful word in the English language), avoid the most common conversational disasters, and use proven strategies that allow you to successfully communicate your point of view and take the upper hand in most disputes. Verbal Judo offers a creative look at conflict that will help you defuse confrontations and generate cooperation from your spouse, your boss, and even your teenager. As the author says, "when you react, the event controls you. When you respond, you're in control." This new edition features a fresh new cover and a foreword demonstrating the legacy of Verbal Judo founder and author George Thompson, as well as a never-before-published final chapter presenting Thompson's "Five Universal Truths" of human interaction.

SO YOU WANT TO BE A COP

WHAT EVERYONE SHOULD KNOW BEFORE ENTERING A LAW ENFORCEMENT CAREER

Rowman & Littlefield Many children, from the time they are old enough to be attracted to a siren and flashing lights, dream their whole lives of becoming a police officer. As a retired police officer, herself, Alley Evola looks at the daily ins and outs of the job of a police officer. From recruitment, life at the academy, patrol and eventually promotion, she provides a helpful understanding of what you can really expect. She also looks at the current issues, including race and gender, and how these have shaped certain expectations from the public that a police officer needs to be prepared for when working in this field. When you're young and dreaming you don't think about the process it will take to become a police officer. And it's also not evident until after the police academy the many challenges and issues you will face in the field. So You Want to Be a Cop is for everyone who secretly wishes they

were a police officer, or is pursuing their dream in hopes of transforming it into reality.

SHUT UP!

THE BIZARRE WAR THAT ONE PUBLIC LIBRARY WAGED AGAINST THE FIRST AMENDMENT

Createspace Independent Publishing Platform What bad things could possibly be happening in your local public library? In SHUT UP! The Bizarre War that One Public Library Waged Against the First Amendment, citizen sleuths Megan Fox and Kevin Dujan expose the pattern of censorship, intimidation, harassment, bullying, and retaliation that the Orland Park Public Library engaged in (with help from the American Library Association (ALA), the Orland Park Police, and the Village of Orland Park) to chill free speech, trample civil rights, destroy a safe space, stifle debate, and frighten away critics. This one wayward public library in the affluent Chicago suburbs had for years willfully covered up dangers to children and unreported crimes...and its staff and library board trustees used every dirty trick they could think of (including weaponizing the police and engaging in lawfare with a SLAPP suit) to silence parents and patrons who complained about sexual activity, a hostile work environment, and rampant spending waste in a spare-no-expense public building with all the bells and whistles (but little accountability for public employees who blatantly ignored Illinois state library and transparency laws). The library committed itself to shutting up Fox & Dujan at all costs, in what became a war of proxy between the lobbyists of the ALA's Office for Intellectual Freedom and the rights of citizens to petition government bodies for change and redress of grievances. A public library that insisted men have a First Amendment right to sexually arouse themselves in a building full of children became obsessed with eradicating the public's First Amendment right to address and correct dangers to children in the one place that everyone always assumed was safe for kids: the local public library. This is the story of how a suburban Chicago scandal became so outrageous that it made national headlines (and even ended up on Saturday Night Live).

YOU CAN'T MAKE THIS STUFF UP

RIDICULOUSLY FUNNY STORIES BY REAL COPS

Createspace Independent Publishing Platform One of the most popular questions cops get asked is "What's the funniest thing that's ever happened to you on the job?" Well, we set out to gather a few funny stories from across North America and compiled them into this eBook with some stories you will want to read again and again to laugh at and share with your friends. So many times in the career of law enforcement officers, you end up saying "You just can't make this stuff up!" So, here are some insights as to the sorts of things that we have laid eyes on or experienced that we hope you'll enjoy! Please be aware that the stories in this book are REAL and some involve recounting nudity or other PG-16+ situations that you may want to consider if you find such real situations (that cops see and have to learn to laugh at) offensive.

CHASER

UNLOCKING THE GENIUS OF THE DOG WHO KNOWS 1000 WORDS

Simon and Schuster Chaser has a way with words. She knows over a thousand of them—more than any other animal of any species except humans. In addition to common nouns like house, ball, and tree, she has memorized the names of more than one thousand toys and can retrieve any of them on command. Based on that learning, she and her owner and trainer, retired psychologist John Pilley, have moved on to further impressive feats, demonstrating her ability to understand sentences with multiple elements of grammar and to learn new behaviors by imitation. John's ingenuity and tenacity as a researcher are as impressive as Chaser's accomplishments. His groundbreaking approach has opened the door to a new understanding of animal intelligence, one that requires us to reconsider what actually goes on in a dog's mind. Chaser's achievements reveal her use of deductive reasoning and complex problem-solving skills to address novel challenges. Yet astonishingly, Chaser isn't unique. John's training methods can be adopted by any dog lover. Through the poignant story of how he trained Chaser, raised her as a member of the Pilley family, and proved her abilities to the scientific community, he reveals the positive impact of incorporating learning into play and more effectively channeling a dog's natural drives. John's work with Chaser offers a fresh perspective on what's possible in the relationship between a dog and a human. His story points us toward a new way of relating to our canine companions that takes into account our evolving understanding of the way animals and humans learn.

THE FEMINIST WAR ON CRIME

THE UNEXPECTED ROLE OF WOMEN'S LIBERATION IN MASS INCARCERATION

University of California Press Many feminists grapple with the problem of hyper-incarceration in the United States, and yet commentators on gender crime continue to assert that criminal law is not tough enough. This punitive impulse, prominent legal scholar Aya Gruber argues, is dangerous and counterproductive. In their quest to secure women's protection from domestic violence and rape, American feminists have become soldiers in the war on crime by emphasizing white female victimhood, expanding the power of police and prosecutors, touting the problem-solving power of incarceration, and diverting resources toward law enforcement and away from marginalized communities. Deploying vivid cases and unflinching analysis, *The Feminist War on Crime* documents the failure of the state to combat sexual and domestic violence through law and punishment. Zero-tolerance anti-violence law and policy tend to make women less safe and more fragile. Mandatory arrests, no-drop prosecutions, forced separation, and incarceration embroil poor women of color in a criminal justice system that is historically hostile to them. This carceral approach exacerbates social inequalities by diverting more power and resources toward a fundamentally flawed criminal justice system, further harming victims, perpetrators, and communities alike. In order to reverse this troubling course, Gruber contends that we must abandon the conventional feminist wisdom, fight violence against women without reinforcing the American prison state, and use criminalization as a technique of last—not first—resort.

STEALING YOUR LIFE

THE ULTIMATE IDENTITY THEFT PREVENTION PLAN

Crown The charismatic forger immortalized in *Catch Me If You Can* exposes the astonishing tactics of today's identity theft criminals and offers powerful strategies to thwart them based on his second career as an acclaimed fraud-fighting consultant. When Frank Abagnale trains law enforcement officers around the country about identity theft, he asks officers for their names and addresses and nothing more. In a matter of hours he can obtain everything he would need to steal their lives: Social Security numbers, dates of birth, current salaries, checking account numbers, the names of everyone in their families, and more. This illustrates how easy it is for anyone from anywhere in the world to assume our identities and in a matter of hours devastate our lives in ways that can take years to recover from. Considering that a fresh victim is hit every four seconds, *Stealing Your Life* is the reference everyone needs by an unsurpassed authority on the latest identity theft schemes. Consider these sobering facts: • Six out of ten American companies and

government agencies have already been hacked. • An estimated 80 percent of birth certificate requests are fulfilled through the mail for people using only a name and a return address. • Americans write 39 billion checks a year, and half of them never reconcile their bank statements. • A Social Security number costs \$49 on the black market. A driver's license goes for \$90. A birth certificate will set you back \$79. Abagnale offers dozens of concrete steps to transform anyone from an easy mark into a hard case that criminals are likely to bypass: • Don't allow your kids to use the computer on which you do online banking and store financial records (children are apt to download games and attachments that host damaging viruses or attract spyware). • Beware of offers that appeal to greed or fear in exchange for personal data. • Monitor your credit report regularly and know if anyone's been "knocking on your door." • Read privacy statements carefully and choose to opt out of sharing information whenever possible. Brimming with anecdotes of creative criminality that are as entertaining as they are enlightening, *Stealing Your Life* is the practical way to shield yourself from one of today's most nefarious and common crimes.

STRATEGIC PROJECT MANAGEMENT MADE SIMPLE

PRACTICAL TOOLS FOR LEADERS AND TEAMS

John Wiley & Sons When Fortune Magazine estimated that 70% of all strategies fail, it also noted that most of these strategies were basically sound, but could not be executed. The central premise of *Strategic Project Management Made Simple* is that most projects and strategies never get off the ground because of adhoc, haphazard, and obsolete methods used to turn their ideas into coherent and actionable plans. *Strategic Project Management Made Simple* is the first book to couple a step-by-step process with an interactive thinking tool that takes a strategic approach to designing projects and action initiatives. *Strategic Project Management Made Simple* builds a solid platform upon four critical questions that are vital for teams to intelligently answer in order to create their own strong, strategic foundation. These questions are: 1. What are we trying to accomplish and why? 2. How will we measure success? 3. What other conditions must exist? 4. How do we get there? This fresh approach begins with clearly understanding the what and why of a

project - comprehending the bigger picture goals that are often given only lip service or cursory reviews. The second and third questions clarify success measures and identify the risky assumptions that can later cause pain if not spotted early. The how questions - what are the activities, budgets, and schedules - comes last in our four-question system. By contrast, most project approaches prematurely concentrate on the how without first adequately addressing the three other questions. These four questions guide readers into fleshing out a simple, yet sophisticated, mental workbench called "the Logical Framework" - a Systems Thinking paradigm that lays out one's own project strategy in an easily accessible, interactive 4x4 matrix. The inclusion of memorable features and concepts (four critical questions, LogFrame matrix, If-then thinking, and Implementation Equation) make this book unique.

SMART CITIES

SHAPING THE SOCIETY OF 2030

UNESCO Publishing

COLLABORATE OR PERISH!

REACHING ACROSS BOUNDARIES IN A NETWORKED WORLD

Currency In *Collaborate or Perish!* former Los Angeles police chief and New York police commissioner William Bratton and Harvard Kennedy School's Zachary Tumin lay out a field-tested playbook for collaborating across the boundaries of our networked world. Today, when everyone is connected, collaboration is the game changer. Agencies and firms, citizens and groups who can collaborate, Bratton and Tumin argue, will thrive in the networked world; those who can't are doomed to perish. No one today is better known around the world for his ability to get citizens, governments, and industries working together to improve the safety of cities than William Bratton. At Harvard, Zachary Tumin has led senior executives from government and industry in executive sessions and classrooms for over a decade, burnishing a global reputation for insight and leadership. Together, Bratton and Tumin draw on in-depth

accounts from Fortune 100 giants such as Alcoa, Wells Fargo, and Toyota; from masters of collaboration in education, social work, and the military; and from Bratton's own storied career. Among the specific strategies they reveal: • Start collaboration with a broad vision that supporters can add to and make their own • Rightsize problems, and get value in the hands of users fast • Get the right people involved—from sponsors to grass roots • Make collaboration pay in the right currency—whether recognition, rewards, or revenue Today companies and managers face unique challenges—and opportunities—in reaching out to others, thanks to the incredibly connected world in which we live. Bratton and Tumin provide practical strategies anyone can use, from the cubicle to the boardroom. This is the ultimate guide to getting things done in today's networked world.

THE WHITE TIGER

A NOVEL

Simon and Schuster SOON TO BE A MAJOR MOTION PICTURE The stunning Booker Prize-winning novel from the author of *Amnesty* and *Selection Day* that critics have likened to Richard Wright's *Native Son*, *The White Tiger* follows a darkly comic Bangalore driver through the poverty and corruption of modern India's caste society. "This is the authentic voice of the Third World, like you've never heard it before" (John Burdett, *Bangkok 8*). The white tiger of this novel is Balram Halwai, a poor Indian villager whose great ambition leads him to the zenith of Indian business culture, the world of the Bangalore entrepreneur. On the occasion of the president of China's impending trip to Bangalore, Balram writes a letter to him describing his transformation and his experience as driver and servant to a wealthy Indian family, which he thinks exemplifies the contradictions and complications of Indian society. Recalling *The Death of Vishnu* and *Bangkok 8* in ambition, scope, *The White Tiger* is narrative genius with a mischief and personality all its own. Amoral, irreverent, deeply endearing, and utterly contemporary, this novel is an international publishing sensation—and a startling, provocative debut.

THE BLUE VIEW

THE UNCUT JOURNAL OF AN OHIO POLICE CHIEF

Never written to be released to the public, this book contains easy-to-read entries from the unfiltered, personal journals of Chief Rodney Muterspaw, and award-winning Ohio police chief and congressional guest at the Presidential State of the Union. You will feel the gamut of emotions as you follow him through the ranks of rookie, patrol officer, investigator, narcotics officer, and internal affairs supervisor, all the way to chief of police. Muterspaw's entire career takes place in Middletown, Ohio - the well-known, small Midwest town from Hillbilly Elegy. Unedited and raw, this book is unlike anything you've ever read from a police officer. The Blue View will draw you in emotionally, as you will finally have access to the behind-the-scenes thoughts and experiences that most police officers will not talk about. It doesn't matter what side you are on. It is a must read. It will change the way you think about law enforcement. --Back cover.

PLUM ISLAND

NUMBER 1 IN SERIES

Hachette UK '...a page turning, high octane novel that's firing on all cylinders,' - EDINBURGH EVENING NEWS '...a good old-fashioned murder mystery which keeps you enthralled till the very last page.' - YORKSHIP EVENING PRESS NYPD homicide detective John Corey has moved to Long Island, restlessly recuperating from wounds received in the line of duty when he's hired to consult on the murder of Tom and Judy Gordon, biologists who worked on Plum Island, the site of animal disease research for the Department of Agriculture. Were the Gordons murdered because they'd stolen some valuable new vaccine, or even a dreaded virus? They'd obviously outspent their income. Had they been running drugs? Corey doesn't think so, although an ice-chest missing from their home points to

something forbidden. He teams up with Beth Penrose, detective, working her first homicide & their visit to Plum Island reveals only that the FBI & CIA have sanitised the place. Then Corey falls in with Emma Whitehouse, an expert on Captain Kidd's lost treasure which is thought to be buried nearby... PLUM ISLAND is a thrilling novel from an author of consummate page-turning skill. This is the title that knocked John Grisham off the top of the US bestseller lists and held the No.1 spot for five weeks.

SHOTS FIRED

THE PSYCHOLOGY BEHIND OFFICER INVOLVED SHOOTINGS

Anti-police media propaganda has created a perception of police shootings that is very different than reality. Most civilians have never been in a life or death fight, so they are left with Hollywood and media fiction to educate them about law enforcement altercations. The psychology behind officer involved shootings is missing from the public narrative. What occurs in the officer's head, before, during, and after the shooting is the story that is rarely told. In twelve exciting, real-life accounts, you will discover that police shootings are extremely complicated and the consequences are far greater than most can ever imagine. This book shares the story that officers do not get to tell and it will prepare those who have not yet been forced to pull the trigger.

GOT WARRANTS?

DISPATCHES FROM THE DOORYARD

Down East Books For the hundreds of thousands of followers of the Bangor, Maine, Police Department on social media, the "Got Warrants?" feature brings a regular dose of levity. Pulled straight from daily reports, these short interludes provide a welcome spin on the standard police log. Collected here is a fresh batch of all-true police-related hijinks. Poking fun at human nature and turning ne'er-do-wells into sages of silliness, Got Warrants? reminds us all to step back, take a deep breath, and try not to take things so seriously.

LA MISÈRE DU MONDE

This book can be read like a series of short stories - the story of a steel worker who was laid off after twenty years in the same factory and who now struggles to support his family on unemployment benefits and a part-time job; the story of a trade unionist who finds his goals undermined by the changing nature of work; the story of a family from Algeria living in a housing estate in the outskirts of Paris whose members have to cope with pervasive, everyday forms of racism; the story of a school teacher confronted with urban violence;

and many others as well. Reading these stories enables one to understand these people's lives and the forms of social suffering which are part of them. And the reader will see that this book offers not only a distinctive method for analysing social life, but also another way of practising politics.

MY FBI

BRINGING DOWN THE MAFIA, INVESTIGATING BILL CLINTON, AND FIGHTING THE WAR ON TERROR

St. Martin's Press A spectacular New York Times and Washington Post bestseller, My FBI is the definitive account of American law enforcement during the Clinton years and in the run-up to September 11. Louis Freeh is clear eyed, frank, the ultimate realist, and he offers resolute vision for the struggles ahead. Bill Clinton called Freeh a "law enforcement legend" when he nominated him as the Federal Bureau of Investigation Director. The good feelings would not last. Going toe-to-toe with his boss during the scandal-plagued '90s, Freeh fought hard to defend his agency from political interference and to protect America from the growing threat of international terrorism. When Clinton later called that appointment the worst one he had made as president, Freeh considered it "a badge of honor." This is Freeh's entire story, from his Catholic upbringing in New Jersey to law school, the FBI training academy, his career as a US District attorney and as a federal judge, and finally his eight years as the nation's top cop. This is the definitive account of American law enforcement in the run-up to September 11. Freeh is clear-eyed, frank, the ultimate realist, and he offers resolute vision for the struggles ahead. "[Freeh] comes off as the real deal, an honorable, hard-working man, a devoted public servant and father, a gifted lawyer and onetime federal prosecutor."---The New York Times
