**Dear Nell: The True Story of the Haven Sisters** [Kathleen McInerney](#) Dear Nell: The True Story of the Haven Sisters ([www.havensisters.com](#)) is the story of two sisters from New York City, one of whom (Ellen, or Nell) marries into a prominent plantation family in Louisiana just prior to the Civil War. As such, Ellen is transported into a different culture and a different world - a world that will soon be blown apart by this country's worst maelstrom. Seen through the intimacy of a remarkable personal correspondence (selected from over 1400 letters), a story unfolds which reveals the effects of the Civil War on each of them - and on their two families now separated by an unbridgeable gulf. Through it all, the two sisters remain loyal to their sibling tie, despite arduous struggles, grievous misunderstandings and tests of faith. Fanny and Ellen's personal histories, articulated with astonishing intelligence and perspective, stand for a much broader account of our country's travails during that time of unprecedented challenge. The ability to articulate and communicate nuance using the written word is a lost art and may be both novel for, and a marvel to, today's readers. The effects of the Civil War on the families, their livelihoods, and, in the South, on their very identity, come alive in their words. Punctuated by details small and large, by humor, love, harsh economic realities, women's roles, and by the anguish caused by death, poverty and mental illness, this is a rare glimpse into a past (but ever present) time. **Princeton Alumni Weekly** [princeton alumni weekly](#) **The Girl in the Letter** 1956: When Ivy Jenkins falls pregnant, she is sent in disgrace to St Margaret's: a dark, brooding house for unmarried mothers. With St Margaret's set for demolition, Sam has only hours to piece together a sixty-year-old mystery before the truth, which lies disturbingly close to home, is lost forever. **Getting In How Not To Apply to Medical School** SAGE Getting In: How Not To Apply to Medical School is a tough, practical guide for people storming the ramparts of medical school admission boards. Paul Jung takes the pre-med or second-career aspirant from pre-application experiences through the application process with a very practical approach. The book is filled with the pitfalls and misconceptions applicants frequently make, rendering the subtitle particularly apt and (for those terrified of the unknowns) eminently appealing. The volume also includes self-diagnostic sections and common pitfalls to avoid when applying to medical school. Contrary to popular belief, applying to medical school doesn't have to be stressful and time-consuming. Getting In shows students caught in the web of medical school admissions boards how to apply to medical school the right way—setting themselves apart from the rest of the crowd. Jung takes pre-med and second-career aspirants through the entire ordeal and lets them know how important it is to apply as early as possible. From preparation and finding ways to obtain an application noticed by the admissions committee to information on the MCAT and getting through common interview traps, the book gives inside tips and helps applicants through what can be a stressful and uncertain time. The author allows readers a glimpse into common errors that others have made in their quests for acceptance, such as taking all required science courses in one semester or leaving large chunks of a medical application blank. Taking a down-to-earth, realistic approach, Jung acknowledges the pitfalls and misconceptions frequently made by applicants and even provides alternative solutions for discouraged students. The result is a well-written book that describes hardships and blunders but also gives good, practical information on how to succeed. **Warning! Many of the letters collected here are eloquent declarations of love and longing; others contain wrenching accounts of fear, jealousy and betrayal; and a number share sweet dreams of home. But in all the correspondence - whether from British, American, French, German, Russian, Australian and Canadian troops in the height of battle, or from the heartbroken wives and sweethearts left behind - there lies a truly human portrait of love and war. A century on from the First World War, these letters offer an intimate glimpse into the hearts of men and women separated by conflict, and show how love can transcend even the bleakest and most devastating of realities. Edited and introduced by Mandy Kirkby, with a foreword from Orange Prize-winner Helen Dunmore. **Goodbye Sarajevo A True Story of Courage, Love and Survival** [A&C Black](#) A moving and compelling true story about two sisters fighting for survival in Sarajevo during the Bosnian war **The Ghosts of Plaka Beach A True Story of Murder and Retribution in Wartime Greece** [Fairleigh Dickinson Univ Press](#) Sixty years after the end of World War II Stylianos (Stelios) Perrakis, Greek-born finance professor who has lived most of his life in Canada, went back to Greece to investigate a traumatic event in his family's history that colored his childhood years. The circumstances surrounding the kidnapping and murder of his maternal uncle by a Communist death squad in May 1944, in the Argolida region of the Greek Peloponnese, were cloaked in mystery, never discussed openly by family members. Using trial transcripts, interviews with survivors and with people involved in his uncle's kidnapping, and such primary materials as unpublished diaries and family correspondence, Perrakis managed to document the full sequence of events that led up to this family tragedy. He then widened his focus to draw out the implications of this particular event, painting an intimate picture of a prosperous middle-class provincial world faced with extraordinary challenges that it was unable to overcome. **Our Darlings Letters from Angel A True Story In her Own Words** [Skyhorse](#) Letters from Angel is a true story of a golden retriever/chow mix told in her own words. Her early years were spent in a family in a modest home in suburban New York. She blossomed into a beautiful, loving, energetic companion. When the father in the family continued to abuse her, Angel ran away. She survived for months on the loose, lived off the land, protected by homeless men and women, and her own inherited survival skills. When winter came, Angel was rescued by the SPCA, who identified her owners and brought her back to be reunited. The mother turned the rescuers away because she believed her husband would continue to abuse Angel. At nine years of age, Angel was taken to a dog shelter, her spirit crushed. When it appeared that all was lost, Angel was rescued. Her sad life turned into a Cinderella story. A new world opened up for her. Air travel (a funny story), a home that she describes as the "biggest dog house in the world," winters on the beach in Florida, living in a New York City apartment, walking in Central Park. Angel tells her story in detail and shares her innermost thoughts on a wide variety of subjects, her reactions to lightning ashes and reworks, tricks on taking medicine, weight control, on and on. And at the end, she writes about the burdens she faced as she grew older. Angel's letters are insightful and charming, revealing the inner life of a dog. It is a book for all ages. **Race for Obedience** [Xulon Press](#) If your prayer is for a higher plateau, "Race For Obedience" is a must read. Following orders from Himmler, two British intelligence officers, Sigismund Payne Best and Richard Stevens, were captured from the Café Backus in the town of Venlo. Best had been trying to contact German officers plotting against Hitler. The Netherlands had been an ideal ground for operations, because of its proximity to Germany and the fact that Dutch Intelligence was badly funded. When Best met the three agents - including Walter Schellenberg - he was carrying with him a list of British agents who were working in Europe. hen he arrived at the café, which was just over the Dutch border, he realised he had walked into a trap. A Dutch intelligence officer who accompanied them, Dirk Klop, was fatally wounded. Best and Stevens were taken into Germany. After their Berlin interrogation and torture they were taken to the notorious Sachsenhausen concentration camp. Hitler used the incident - together with the Elser bomb plot - as an excuse for war with the Netherlands, claiming their involvement with Britain violated their neutrality. As Nigel Jones explains, the incident was crucial in making the British suspicious of dealings with anti-Hitler resistance. **Specific Skills Series: Reading for Details (Rdg. God told them: "I will redeem you with an outstretched arm and mighty acts of judgment. I will take you as my own people, and I will be your God." (Exodus 6:6-7). These words of belonging are sweet solace for the Christian who learns to take God at his word, and trust him even in the most troubled times. As a woman who herself has weathered countless storms both in her private and public life, Gail MacDonald draws from her own experience as well as the classic wisdom of other great Christians to speak to the hearts of those who sometimes feel overwhelmed by life. As Christians, "we need to know that we are God's very own children, and his loving care for us will be eternal." **Positive Aikido A True Story of Traditional Teachings** Trafford Publishing Positive Aikido is available on bookshelves around the globe. This book, an in-depth look at our school's special brand of technique, strategy, philosophy as well as unique history, took about 15 years to compile, but will soon be offered in print by the world's leading on-demand publisher. Trafford Holdings Ltd is privately-held corporation, registered in British Columbia, Canada. There are over 120 shareholders, including many authors and all the permanent employees. It was incorporated in 1991. In late 1995, Trafford opened its doors and website. They are the first company in the world to offer an "on-demand publishing service," and they are the best. The production of "Positive Aikido" has gone through numerous stages. The hand-drawings describing each of the positive techniques in traditional Aikido were begun in 1987 with the intention of providing new students with a reference guide - at the time to be photocopied for students in the U.S. and later possibly for the U.K. students as well. That plan, however, never took hold as more and more drawings were produced. The drawings of the first four groupings were finished in 1991 and in 1993, the second four groupings were added, along with some transcripts from a recorded conversation between Sensei Ellis and Rogers on a long roadtrip between Dallas, Texas and Alamogordo, New Mexico. Rogers made his 1st Dan during that trip, and Positive Aikido picked up a lot of its histories and background information. Still, it was no more than a shep of papers cobbled together from various sources. In 1999, however, with the advent of digital photography, Rogers decided to augment the drawings with some digital photos and possibly put together a proper booklet for students in all the Ellis Schools. The photos, however, required some supporting text - and there was a lot of other material which needed to be conveyed as well. The transcripts were rewritten and cleaned up a bit and the photos were digitally processed for the first four forms. During another visit to New Mexico, Sensei and his assistant Anita Wilson along with Sensei's son did the demonstrations needed for the last four forms. Later, the first four forms were re-shot with Sensei Rogers and one of his first U.S. students, Jeff Glaze of New Mexico. By this time, "Positive Aikido" was being developed as a book. The agent and publishers we first contacted agreed, but the material was still fairly rough. More photos were shot and extensive digital work was done on them to clarify technique. Additional sections were added to describe combat strategy and the philosophy behind "Positive Aikido". Sections on ethics and morals within the arts were developed along with material dealing with the selection of a martial art for beginners. And of course, the history section was strengthened and sharpened. Lastly, a complete reorganization of the material was accomplished with an addition of a section on pins and control and weapons (jo and sword). The finished work is comprised of more than 1000 photos, 600 hand-drawings and complex explanations and tips to make the techniques of Aikido work properly. It includes detailed writing on the "Positive" mindset as well as complete sections geared to beginners, intermediate students and advanced practitioners. Although several traditional publishers expressed interest in printing the book, and initial negotiations were entered into with one California-based company, the advent of "print-on-demand" technology and the resulting new publishing market, made for a better alternative. Of this book as it stands now, the authors say this. There are a lot of books on Martial Arts out there, and this one fits in the crowd well - but it also stands alone in the sheer comprehensiveness of the work. It is a nearly complete representation of a single school's technique - it is a historical marker - a book of strategy - an ethical guide - a technical manual - and it is a chart, graph and manifest of all the **My Gaze Is Turned Inward Letters 1938-1943** Northwestern University Press Event of the time are a bit like Impressionist paintings ... which combine into a recognizable whole only when observed from a distance. -Gertrude Kolmar in a letter to her sister, October 22, 1939 So a picture of Gertrud Kolmar, a gifted Jewish writer struggling to sustain her art and family, emerges from these eloquent and allusive letters. Written in the stolen moments before her day as a forced laborer in a munitions factory began, the letters tell of Kolmar's move from the family home in Finkenkrug to a three-room flat in Berlin, which she and her father must soon share with other displaced Jews. They describe her factory work as a learning experience and assert, in the face of ever worsening conditions, that true art, never dependent on comfort or peace, is "capable of triumphing over ... time and place." These letters are a triumph of art, proclaiming the freedom of the human will amidst oppression. Though prevented by Nazi censorship from saying too much too directly, Kolmar still conveys the intensity and determination of her inner world, as well as the relentlessness of the outer world bent on crushing her. For its insight into the mind and soul of a poet submitting to and denying fate, and for its interior vision of one of history's darkest moments, My Gaze Is Turned Inward is a unique document of literary, historical, and spiritual power. **Sisters of Fortune Being the True Story of how Three Motherless Sisters Saved Their Home in New England and Raised Their Younger Brother While Their Father Went Fortune Hunting in the California Gold Rush** UPNE Uses more than 350 letters to reconstruct the lives of a trio of sister whose father, a U.S. Congressman from New Hampshire, left them in 1850 for the Gold Rush. **The Complete Works of Nathaniel Hawthorne: Novels, Short Stories, Poetry, Essays, Letters and Memoirs (Illustrated Edition) The Scarlet Letter with its Adaptation, The House of the Seven Gables, The Blithedale Romance, Tanglewood Tales, Birthmark...** [e-artnow](http://e-artnow.com) This carefully crafted ebook: "The Complete Works of Nathaniel Hawthorne: Novels, Short Stories, Poetry, Essays, Letters and Memoirs (Illustrated Edition)" is formatted for your eReader with a functional and detailed table of contents. The trunk contained a rare find: twenty-five letters pertaining to Mary Todd Lincoln's life and insanity case, letters assumed long destroyed by the Lincoln family. Mary wrote twenty of the letters herself, more than half from the insane asylum to which her son Robert had her committed, and many in the months and years after. The Madness of Mary Lincoln is the first examination of Mary Lincoln's mental illness based on the lost letters, and the first new interpretation of the insanity case in twenty years. This compelling story of the purported insanity of one of America's most tragic first ladies provides new and previously unpublished materials, including the psychiatric diagnosis of Mary's mental illness and her lost will. Emerson charts Mary Lincoln's mental illness throughout her life and describes how a predisposition to psychiatric illness and a life of mental and emotional trauma led to her commitment to the asylum. The first to state unequivocally that Mary Lincoln suffered from bipolar disorder, Emerson offers a psychiatric perspective on the insanity case based on consultations with psychiatrist experts. This book reveals Abraham Lincoln's understanding of his wife's mental illness and the degree to which he helped keep her stable. It also traces Mary's life after her husband's assassination, including her severe depression and physical ailments, the harsh public criticism she endured, the Old Clothes Scandal, and the death of her son Tad. The Madness of Mary Lincoln is the story not only of Mary, but also of Robert. It details how he dealt with his mother's increasing irrationality and why it embarrassed his Victorian sensibilities; it explains the reasons he had his mother committed, his response to her suicide attempt, and her plot to murder him. It also shows why and how he ultimately agreed to her release from the asylum eight months early, and what their relationship was like until Mary's death. This historical page-turner provides readers for the first time with the lost letters that historians had been in search of for eighty years.
