Excel Hacks

Tips & Tools for Streamlining Your Spreadsheets

"O'Reilly Media, Inc." Millions of users create and share Excel spreadsheets every day, but few go deeply enough to learn the techniques that will make their work much easier. There are many ways to take advantage of Excel's advanced capabilities without spending hours on advanced study. Excel Hacks provides more than 130 hacks -- clever tools, tips and techniques -- that will leapfrog your work beyond the ordinary. Now expanded to include Excel 2007, this resourceful, roll-up-your-sleeves guide gives you little known "backdoor" tricks for several Excel versions using different platforms and external applications. Think of this book as a toolbox. When a need arises or a problem occurs, you can simply use the right tool for the job. Hacks are grouped into chapters so you can find what you need quickly, including ways to: Reduce workbook and worksheet frustration -- manage how users interact with worksheets, find and highlight information, and deal with debris and corruption. Analyze and manage data -- extend and automate these features, moving beyond the limited tasks they were designed to perform. Hack names -- learn not only how to name cells and ranges, but also how to create names that adapt to the data in your spreadsheet. Get the most out of PivotTables -- avoid the problems that make them frustrating and learn how to extend them. Create customized charts -- tweak and combine Excel's built-in charting capabilities. Hack formulas and functions -- subjects range from moving formulas around to dealing with datatype issues to improving recalculation time. Make the most of macros -- including ways to manage them and use them to extend other features. Use the enhanced capabilities of Microsoft Office 2007 to combine Excel with Word, Access, and Outlook. You can either browse through the book or read it from cover to cover, studying the procedures and scripts to learn more about Excel. However you use it, Excel Hacks will help you increase productivity and give you hours of "hacking" enjoyment along the way.

Overcoming the Dark Side of Leadership

How to Become an Effective Leader by Confronting Potential Failures

Baker Books The Christian world has been rocked by the number of prominent leaders, in both church and parachurch organizations, who have been compromised by moral, ethical, and theological failures. This pace-setting volume addresses this alarming problem and offers Christian leaders valuable guidance in dealing with the inherent risks of their work. Using biblical and current examples, the authors describe the characteristics of five types of leaders and the problems that are most likely to develop if their particular dysfunctions develop unrestrained. McIntosh and Rima offer a series of steps for leaders to consider so they can take control of their dark side and learn to harness its creative powers. This edition includes a new introduction, updated information throughout, a self-assessment tool, and other additional material. Includes endorsements from John Maxwell, Leighton Ford, Leith Anderson, and Rob Angel.

Work Your Money, Not Your Life

How to Balance Your Career and Personal Finances to Get What You Want

John Wiley & Sons Your all-in-one guide to getting your career and finances in order — for greater clarity, happiness, and peace of mind. Studies show that if you're like the majority of young professionals, you feel dissatisfied with your job, your finances, or your overall station in life. It can seem impossible to disentangle the work stuff, the money stuff, and the personal stuff, because they're all inextricably linked. But the good news is, you don't have to go at it alone: Work Your Money, Not Your Life is your all-in-one guide to achieving both your career and financial goals so that you can get where you want to be. In his debut book, Roger Ma, an award-winning financial planner and a publisher strategist at Google, offers secrets on how you can craft a meaningful career, gain financial comfort, and achieve a greater sense of purpose. And the premise behind it all is this: money affects every part of our lives. Simply by sorting out your personal finances (and it isn't as bad as it sounds!), you can build a foundation from which you'll be able to find the right career path, visualize your desired lifestyle, and turn your dreams into a reality. You'll learn how to: Relieve yourself of the work, money, and personal stressors that keep you up at night Dispel the job myths that are preventing you from a more rewarding career Apply the fundamentals of personal finance to your unique situation, without all the confusing jargon Prioritize and balance your career and money needs through exercises and easy-to-use templates, launching yourself on the path to the life satisfaction you desire When the life you're living and the life you want to live don't match up, everything feels off balance. Where do you begin trying to connect the dots? Start with this book. Through accessible, practical advice, you'll learn the career and financial strategies you need to live the life you deserve.
