The Postcolonial World

Taylor & Francis *The Postcolonial World* presents an overview of the field and extends critical debate in exciting new directions. It provides an important and timely reappraisal of postcolonialism as an aesthetic, political, and historical movement, and of postcolonial studies as a multidisciplinary, transcultural field. Essays map the terrain of the postcolonial as a global phenomenon at the intersection of several disciplinary inquiries. Framed by an introductory chapter and a concluding essay, the eight sections examine: *Affective, Postcolonial Histories* *Postcolonial Desires* *Religious Imaginings* *Postcolonial Geographies and Spatial Practices* *Human Rights and Postcolonial Conflicts* *Postcolonial Cultures and Digital Humanities* *Ecocritical Inquiries in Postcolonial Studies* *Postcolonialism versus Neoliberalism* *The Postcolonial World* looks afresh at re-emerging conditions of postcoloniality in the twenty-first century and draws on a wide range of representational strategies, cultural practices, material forms, and affective affiliations. The volume is an essential reading for scholars and students of postcolonialism.

The Longing in Me

How Everything You Crave Leads to the Heart of God

Thomas Nelson *Do your desires have you going around in circles? You may be looking for fulfillment in all the wrong places. You vowed you'd never repeat the same mistakes—yet you find yourself right where you started. What is it that keeps drawing you back into the same old traps? The fact is, your longings are built from the blueprint of your needs: for protection, for love, for God. And those needs aren't going anywhere. Sheila speaks candidly about the trials in her life, including the heartache of her first marriage, and intertwines her story with the biblical saga of King David. As both Sheila's and David's stories make clear, some cravings are misguided, but they all stem from the same hunger—and they will haunt you until that hunger gets satisfied properly. If you keep reaching out to the wrong people at the wrong times in your own life, *The Longing in Me* will help you understand that your cravings are not the problem. It's where they lead you that makes all the difference.*

Happiness is the Wrong Metric

A Liberal Communitarian Response to Populism

Springer *This book is open access under a CC BY 4.0 license. This timely book addresses the conflict between globalism and nationalism. It provides a liberal communitarian response to the rise of populism occurring in many democracies. The book highlights the role of communities next to that of the state and the market. It spells out the policy implications of liberal communitarianism for privacy, freedom of the press, and much else. In a persuasive argument that speaks to politics today from Europe to the United States to Australia, the author offers a compelling vision of hope. Above all, the book offers a framework for dealing with moral challenges people face as they seek happiness but also to live up to their responsibilities to others and the common good. At a time when even our most basic values are up for question in policy debates riddled with populist manipulation, Amitai Etzioni's bold book creates a new frame which introduces morals and values back into applied policy questions. These questions span the challenges of jobless growth to the unanswered questions posed by the role of artificial intelligence in a wide range of daily life tasks and decisions. While not all readers will agree with the communitarian solutions that he proposes, many will welcome an approach that is, at its core, inclusive and accepting of the increasingly global nature of all societies at the same time. It is a must read for all readers concerned about the future of Western liberal democracy. Carol Graham, Leo Pasvolsky Senior Fellow, The Brookings Institution and College Park Professor/University of Maryland* In characteristically lively, engaging, and provocative style Etzioni tackles many of the great public policy dilemmas that afflict us today. Arguing that we are trapped into a spiral of slavish consumerism, he proposes a form of liberal communitarian that, he suggests, will allow human beings to flourish in changing circumstances. Jonathan Wolff, Blavatnik Chair of Public Policy, Blavatnik School of Government, University of Oxford

Mammalian Artificial Chromosomes

Methods and Protocols

Springer Science & Business Media *Leading scientists in cell biology, genetics, cell culturing, and gene transfer present their most productive methods for the preparation, characterization, and use of artificial chromosomes. The authors cover all relevant areas of artificial chromosome research-from basic genetics to daring attempts at building new gene therapy tools-and describe possible applications in genetic manipulation requiring large portions of the genome. Each fully tested protocol is described in step-by-step detail and includes a background introduction*

outlining the principle behind the technique, reagent and equipment lists, and tips on troubleshooting and how to avoid pitfalls.

The Faber Pocket Guide to Opera

20th Century Blues

Dramatists Play Service, Inc. Four women meet once a year for a ritual photo shoot, chronicling their changing (and aging) selves as they navigate love, careers, children, and the complications of history. But when these private photographs threaten to go public, relationships are tested, forcing the women to confront who they are and how they'll deal with whatever lies ahead. 20TH CENTURY BLUES is a sharply funny and evocative play by Obie Award and Susan Smith Blackburn Prize-winner Susan Miller that questions our place in the world and with one another.

Political Memory in and After the Persian Empire

SBL Press Various disciplines that deal with Achaemenid rule offer starkly different assessments of Persian kingship. While Assyriologists treat Cyrus's heirs as legitimate successors of the Babylonian kings, biblical scholars often speak of a "kingless era" in which the priesthood took over the function of the Davidic monarch. Egyptologists see their land as uniquely independently minded despite conquests, while Hellenistic scholarship tends to evaluate the interface between Hellenism and native traditions without reference to the previous two centuries of Persian rule. This volume brings together in dialogue a broad array of scholars with the goal of seeking a broader context for assessing Persian kingship through the anthropological concept of political memory.

Never Far From Nowhere

Hachette UK A passionate and perceptive story full of the pain and the humour of growing up, from Andrea Levy, author of the Orange Prize winning *SMALL ISLAND* and the Man Booker shortlisted *THE LONG SONG*. *NEVER FAR FROM NOWHERE* is the story of two sisters, Olive and Vivien, born in London to Jamaican parents and brought up on a council estate. They go to the same grammar school, but while Vivien's life becomes a chaotic mix of friendships, youth clubs, skinhead violence, A-levels, discos and college, Olive, three years older and a skin shade darker, has a very different tale to tell...

308 Circuits

Elektor International Media *This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.*

Girls in Contemporary Vampire Fiction

Springer Nature *This book explores the narratives of girlhood in contemporary YA vampire fiction, bringing into the spotlight the genre's radical, ambivalent, and contradictory visions of young femininity. Agnieszka Stasiewicz-Bieńkowska considers less-explored popular vampire series for girls, particularly those by P.C. and Kristin Cast and Richelle Mead, tracing the ways in which they engage in larger cultural conversations on girlhood in the Western world. Mapping the interactions between girl and vampire corporealities, delving into the unconventional tales of vampire romance and girl sexual expressions, examining the narratives of women and violence, and venturing into the uncanny vampire classroom to unmask its critique of present-day schooling, the volume offers a new perspective on the vampire genre and an engaging insight into the complexities of growing up a girl.*

Nu Metal

A Definitive Guide

Nu Metal: A Definitive Guide revisits one of the most remarkable eras of heavy music, when mainstream charts, magazines, radio, and TV were all taken over by a host of diverse artists performing their own brands of hard rock and heavy metal.

This book features an A-Z run down of the movement's most influential artists, from the main players such as Korn, Limp Bizkit, Linkin Park, Slipknot, and System Of A Down, to the lesser-known acts who may have only released one or two albums yet still made a lasting impact. It also looks at the new breed of bands coming through today who still share nu metal's original aesthetics. The book also includes exclusive interviews with musicians from some of the original movement's most prominent acts (Coal Chamber, Kittie, Staind, Taproot, and more), plus informative essays on its record producers, its collaborations with hip-hop artists, movie soundtracks and a brief history of heavy metal as a genre. Nu Metal: A Definitive Guide is the most in-depth book ever to be released on the most successful period in heavy metal's lengthy history.

Story of the Sea of Camellias

The Ten Thousand Things

New York Review of Books In Wild, Cheryl Strayed writes of The Ten Thousand Things: "Each of Dermoût's sentences came at me like a soft knowing dagger, depicting a far-off land that felt to me like the blood of all the places I used to love." And it's true, The Ten Thousand Things is at once novel of shimmering strangeness—and familiarity. It is the story of Felicia, who returns with her baby son from Holland to the Spice Islands of Indonesia, to the house and garden that were her birthplace, over which her powerful grandmother still presides. There Felicia finds herself wedded to an uncanny and dangerous world, full of mystery and violence, where objects tell tales, the dead come and go, and the past is as potent as the present. First published in Holland in 1955, Maria Dermoût's novel was immediately recognized as a magical work, like nothing else Dutch—or European—literature had seen before. The Ten Thousand Things is an entranced vision of a far-off place that is as convincingly real and intimate as it is exotic, a book that is at once a lament and an ecstatic ode to nature and life.

Legions of Boom

Filipino American Mobile DJ Crews in the San Francisco Bay Area

Duke University Press Armed with speakers, turntables, light systems, and records, Filipino American mobile DJ crews, such as Ultimate Creations, Spintronix, and Images, Inc., rocked dance floors throughout the San Francisco Bay Area from the late 1970s through the mid-1990s. In Legions of Boom noted music and pop culture writer and scholar Oliver Wang chronicles this remarkable scene that eventually became the cradle for turntablism. These crews, which were instrumental in helping to create and unify the Bay Area's Filipino American community, gave young men

opportunities to assert their masculinity and gain social status. While crews regularly spun records for school dances, weddings, birthdays, or garage parties, the scene's centerpieces were showcases—or multi-crew performances—which drew crowds of hundreds, or even thousands. By the mid-1990s the scene was in decline, as single DJs became popular, recruitment to crews fell off, and aspiring scratch DJs branched off into their own scene. As the training ground for a generation of DJs, including DJ Q-Bert, Shortkut, and Mix Master Mike, the mobile scene left an indelible mark on its community that eventually grew to have a global impact.

How Blogging Reconnected New Orleans After Katrina

University of New Orleans Press Much of the story of Hurricane Katrina lived on the internet as the city reconnected during its diaspora. When Cynthia Joyce went looking for one vital account for a course she was teaching, she found the site down and the piece forgotten. This inspired her search for the works that became *Please Forward: How Blogging Reconnected New Orleans After Katrina*. Some of the writing included is famous and easily obtainable; a good percentage of the work is currently unavailable due to aging servers and broken links. Taken together, these pieces are powerful testament to the New Orleans blogging community who proved the internet could function as a crucial platform in a time of crisis.

William Kentridge

The South African artist William Kentridge (born 1955) has achieved a worldwide reputation with his large, poetic and incisive installations. Over the last decades the versatile artist has developed a multidisciplinary way of working that combines film, animation, drawing, music and theater. Typical of his work are the powerful charcoal drawings that he turns into moving images. Kentridge's work explores the historically charged past of his native country. The artist is producing an impressive large-scale installation for EYE Filmmuseum in Amsterdam, to be shown on eight large screens and accompanied by a soundtrack of an African brass band. This publication of Kentridge's texts, sketches, set photographs and film stills lays bare the process by which this unusual project came into being and places it within the context of his oeuvre.

The Education of a Lifetime

Nautilus In 1962, while a riot was in full swing on the University of Mississippi campus over the admission of James Meredith, Robert Khayat was an All-Pro kicker for the newly integrated Washington Redskins. He had no way of knowing that, thirty-five years later, he would be leading the University of Mississippi through one

*of its greatest challenges - its association with the Confederate flag. Robert Khayat's *The Education of a Lifetime* reveals his childhood days in Moss Point, Mississippi; the state's segregationist policies that prevented his SEC championship baseball team from playing in the College World Series; and the sadness of watching his father's arrest. These seemingly disparate events worked to prepare him for his future battle with the vestiges of racial strife that continued to haunt Ole Miss' culture when he was selected as the University's fifteenth Chancellor. We relive, along with the author, the courting of eccentric donors; private conversations with presidents, governors, football coaches, and celebrities; and the struggle to find a balance between the South's past and a promising future. In this funny, touching, and insightful memoir, readers get a behind-the-scenes look at how one man's vision and dedication - along with a commitment to respecting the dignity of every individual - can change a culture.*
