BEYOND FORGIVENESS

REFLECTIONS ON ATONEMENT

John Wiley & Sons "If we harbor thoughts of violence or hatred, or seek revenge or retribution, we are contributing to the wounding of the world; if we transform those thoughts into forgiveness and compassion, and then move beyond them to actually make amends or restitution, we are contributing to the healing of the world. This timely, powerful and compassionate book helps show us the way." —Deepak Chopra "Nothing will help us survive the present age more than breaking the tragic cycles of violence and revenge that threaten our very existence. To do so, we must honor our soul's desire for deeper forms of reconciliation, a process that Phil Cousineau reveals here as being on the other side of forgiveness, in the ancient ritual of atonement. His book is a profoundly important contribution to the healing of the world, and I give it my blessing." —Robert A. Johnson, author of Transformation, Inner Work and Owning Your Own Shadow As indispensable as forgiveness has been to the healing process throughout history, there is another equally profound action that is needed for ultimate reconciliation, which Arun Gandhi, grandson of Mohandas Gandhi, calls "the other side of the coin." Turning over the coin of forgiveness, we discover atonement, the half-hidden, much-overlooked other half of the reconciliation process. Beyond Forgiveness shows how acts of atonement—making amends, providing restitution, restoring balance—can relieve us of the pain of the past and give us a hopeful future. This rich and powerful book includes 15 thoughtful contributions by high-profile thinkers and activists including Huston Smith, Michael Bernard Beckwith, Azim Khamisa, Rabbi Michael Lerner, Jacob Needleman, Michael Nagler, Diane Hennacy Powell, James O'Dea, Arun Gandhi, Kate Dahlstedt, Ed Tick, Richard J. Meyer, Rev. Heng Sure, Douglas George-Kanentiio and Katharine Dever. Atonement is put forward as a process that we must all learn to practice—from individuals to nations—if we are to heal our wounds and move forward.

Kimball is the author of When Religion Becomes Evil, one of the most acclaimed post 9/11 books on terrorism and religion Reveals why religion so often leads to deadly results The author has scholarly knowledge and expertise and extensive personal experience with the peoples, cultures, and leaders involved Readable and engaging, this book gives a clear picture of today's complex political and religious reality and offers hope for the future.

GOD'S LITTLE BOOK OF PEACE

WORDS OF COMFORT AND REASSURANCE FOR WEARY SOULS

HarperCollins UK In a seemingly peaceless world where distress and anxiety are normal, how can peace truly be experienced? WARRIOR'S RETURN

RESTORING THE SOUL AFTER WAR

Sounds True War touches us all—leaving visible and invisible wounds on the warriors who fight, disrupting their families and communities, and leaving lasting imprints on our national psyche. In spite of billions spent on psychological care and reintegration programs, we face an epidemic of combat-related conditions such as PTSD (Post-Traumatic Stress Disorder). With Warrior's Return, Dr. Edward Tick presents a powerful case for changing the way we welcome our veterans back from service—a vision and a path for transforming the wounds of war into sources of wisdom, honor, and growth. After more than 35 years of working with veterans, Dr. Tick has learned that our conventional ways of addressing the trauma and woundings of war fall far short, usually focusing only on symptoms and temporary relief. Drawing on lessons from cross-cultural wisdom, mythical archetypes, and proven methods from psychology, he offers this book as a valuable resource to help families, caregivers, and returning veterans understand and cope with the life-changing effects of combat, including: Re-examining PTSD—why we must expand our understanding of the full psychological and spiritual impact of war's invisible wounds Archetype of the warrior—service in combat as a "journey to the underworld," and why the return home is the most crucial stage The warrior's path—timeless wisdom from tradition, classical philosophy, great leaders, and religious and mythological sources How cultures around the world have welcomed home their returning warriors for centuries—and what we can learn from them The warrior's initiation—how the old self dies on the battlefield and a new, more mature self evolves in its place Restoration—methods for overcoming disillusionment and soul-fatigue to restore the warrior's sense of purpose, motivation, and connection Coming home—specific steps for reintegrating our warriors back into our families and communities Honor—how a warrior can retain personal integrity and self-respect even when they have participated in a war they don't believe in Forgiveness, reconciliation, and atonement—ways for warriors to close the circle and begin healing what was destroyed "This is not a hopeless situation," states Dr. Tick. "Lifelong suffering after war is not inevitable if we understand war's impact on the heart and soul, both for ourselves and our culture." For veterans and those who wish to support them, Warrior's Return offers step-by-step guidance for initiating our transformed warriors into valued members of our community—with an essential map for the hero's journey home. A portion of the proceeds will be donated to Soldier's Heart. Visit soldiersheart.net.

BURNING THE MIDNIGHT OIL

ILLUMINATING WORDS FOR THE LONG NIGHT'S JOURNEY INTO DAY

Simon and Schuster In *Burning the Midnight Oil*, word-wrangler extraordinaire Phil Cousineau has gathered an eclectic and electric collection of soulful poems and prose from great thinkers throughout the ages. Whether beguiling readers with glorious poetry or consoling them with prayers from fellow restless souls, Cousineau can relieve any insomniac's unease. From St. John of the Cross to Annie Dillard, Beethoven to The Song of Songs, this refreshingly insightful anthology soothes and inspires all who struggle through the dark of the night. These "night thoughts" vividly illustrate Alfred North Whitehead's liberating description of "what we do without solitude" and also evoke Henry David Thoreau's reverie, "Our truest life is when we are in dreams awake." The night writers in Cousineau's vespereal collection range from saints, poets, and shamans to astronomers and naturalists, and tells of ancient tales and shining passages from the most brilliant (albeit insomniac) writers of today. These poetic ponderances sing of the falling darkness, revel in dream-time, convey the ache of melancholy, conspire against sleeplessness, vanquish loneliness, contemplate the night sky, rhapsodize on love, and languorously greet the first rays of dawn. Notable night owls include Rabandranath Tagore, Mary Oliver, Manley Hopkins, Jorge Borges and William Blake.

THE BOOK OF ROADS

TRAVEL STORIES FROM MICHIGAN TO MARRAKECH

Simon and Schuster Cousineau's wanderlust has driven him to visit nearly 100 countries as a backpacker, documentary filmmaker, travel writer, photographer, and art and literary tour leader. For him, travel gives us what his mentor Joseph Campbell called “the key to the realm of the muses.” As author of the best-selling travel book *The Art of Pilgrimage*, Cousineau continues to crisscross the world as a travel writer, filmmaker, and host of *Global Spirit*. *The Book of Roads: Travel Stories from Michigan to Marrakech* is the culmination of a lifetime of travel experiences, from the steel factories of Detroit to headhunting villages in the Philippines, the war-torn villages in the Balkans to the river roads of Canada once traversed by his voyageur ancestors. His rhapsodic travel stories place him in the league of fellow travelers who are also masterful writers, such as Pico Iyer, Jack Kerouac, Jan Morris, and Beryl Markham.

THE CONSCIOUS ACTIVIST

WHERE ACTIVISM MEETS MYSTICISM

Duncan Baird Publishers An extraordinary and rousing manifesto from award-winning author James O'Dea, *The Conscious Activist* is both a compelling narrative and a deep reflection on the demands of mystical realization and effective activism. Throughout the book, O'Dea poses that an integration of the two has the power to permanently transform the social order and to wake up humanity from its course of rapid self-destruction.

THE PAINTED WORD

A TREASURE CHEST OF REMARKABLE WORDS AND THEIR ORIGINS

Simon and Schuster To untangle the knot of interlocking meanings of these painted words, logophile and mythologist Phil Cousineau begins each fascinating word entry with his own brief definition. He then fills it in with a tint of etymology and a smattering of quotes that show how the word is used, ending with a list of companion words. The words themselves range from commonplace — like biscuit, a twice-baked cake for Roman soldiers — to loanwords including chaparral, from the Basque shepherds who came to the American West; words from myths, such as hector; metamorphosis words, like silly, which evolved holy to goofy in a mere thousand years; and words well worthy of revival, such as carrytale, a wandering storyteller. Whether old-fangled or brand new, all the words included in *The Painted Word* possess an ineffable quality that makes them luminous.

TRANSFORMING TERROR

REMEMBERING THE SOUL OF THE WORLD

"A book and an unexploded bomb may lay equally motionless, but their kinetic potential is vastly different. A bomb may kill hundreds of people, but a book can change millions--think of *Common Sense*, *Das Kapital*, *Uncle Tom's Cabin*, or *The Gulag Archipelago*. To that energizing company, add *Transforming Terror*. This practical, inspiring book cuts through moral relativism by defining terror according to how it affects its victims. It is a luminous collection of wisdom. You'll want many of these essays in your library forever. I needed to read it and you do, too." -Peter Coyote, actor and author of *Sleeping Where I Fall* "Only an anthology could create the mosaic that would display the profound paradigm shift offered here: defining terrorism according to the experiences of the victims--unarmed civilians who are violently attacked or threatened--and not by any ideology or purpose. Each tile in the mosaic offers a catalyst to radical transformation of the calamitously increasing scale of such assaults, from suicide bombers to state terrorism, and offers real hope for a way out of the death spiral. This should be read at military academies and defense departments as well as by teachers and religious leaders." -Deirdre English, Director, Felker Magazine Center, Graduate School of Journalism, UC Berkeley and former editor of *Mother Jones* "This collection of writings reveals a wealth of proposals for transforming the combustible conditions that often produce terror, as well as for the reconciliation and healing of terror's victims. This book is not only an inspired and singular achievement, it is a courageous and bold challenge to a world too often jaded and numbed by the omnipresence of violence to consider any creative alternatives. Here is a work that couldn't be more timely, relevant or persuasive in its call for us to transform the terror that bedevils us all, individuals and cultures alike." -Phil Cousineau, author of *Beyond Forgiveness: Reflections on Atonement and A Seat at the Table: Huston Smith in Conversation with Native Americans on Religious Freedom* "This volume brings together the wisest voices of our era to reveal the prevalence of terror in our world, and its unconsidered consequences. Until a behavior has a name, it cannot be challenged. This amazing collection of wise and beautiful voices challenges our received definition of terror, and moves us a step further toward a world of peace." - Marilyn Sewell, editor of *Cries of the Spirit*

REMINISCENCES AND REFLECTIONS

REFERRING TO HIS EARLY MINISTRY IN THE PARISH OF ROW, 1825-31

A RABBINIC ANTHOLOGY

RABBINIC ANTHOLOGY

THEORIZING POST-CONFLICT RECONCILIATION

AGONISM, RESTITUTION & REPAIR

Routledge The founding of truth commissions, legal tribunals, and public confessionals in places like South Africa, Australia, Yugoslavia, and Chile have attempted to heal wounds and bring about reconciliation in societies divided by a history of violence and conflict. This volume asks how many of the popular conclusions reached by transitional justice studies fall short, or worse, unwittingly perpetuate the very injustices they aim to suture. Though often well intentioned, these approaches generally resolve in an injunction to "move on," as it were: to leave the painful past behind in the name of a conciliatory future. Through collective acts of apology and forgiveness, so the argument goes, reparation and restoration are imparted, and the writhing conflict of the past is substituted for by the overlapping consensus of community. And yet all too often, the authors of this study maintain, the work done in assuaging past discord serves to further debase and politically neutralize especially the victims of abuse in need of reconciliation and repair in the first place. Drawing on a wide range of case studies, from South Africa to Northern Ireland, Bosnia, Rwanda and Australia, the authors argue for an alternative approach to post-conflict thought. In so doing, they find inspiration in the vision of politics rendered by new pluralist, new realist, and especially agonistic political theory. Featuring contributions from both up and coming and well-established scholars this work is essential reading for all those with an interest in restorative justice, conflict resolution and peace studies.

GRACE BEYOND THE GRAVE

IS SALVATION POSSIBLE IN THE AFTERLIFE? A BIBLICAL, THEOLOGICAL, AND PASTORAL EVALUATION

Wipf and Stock Publishers *Grace beyond the Grave* explores the possibility of the opportunity for repentance and salvation on the other side of the grave. Stephen Jonathan, pastor and theologian, explores posthumous salvation as a viable evangelical alternative to the traditional view that death ends all possibility of salvation, doing so with humanity, integrity, and devotion to Scripture. Jonathan is not dissuaded from asking provocative questions for fear of being thought unorthodox. While scholarly, *Grace beyond the Grave* will be of benefit to pastors, theological students, and lay people alike. During nearly three decades of a teaching ministry, Jonathan became increasingly conscious that the common, mechanical answers to the more pressing questions are often inadequate and need revisiting. *Grace beyond the Grave* will both unsettle the "theologically comfortable" and reassure the open-minded in equal measure.

REFLECTIONS ON THE SACRIFICIAL DEATH OF JESUS CHRIST

DAILY READINGS FOR LENT

Wipf and Stock Publishers The sacrificial nature of Jesus' crucifixion stands at the core of the Christian faith, and it serves as a focal point for the forty days of Lent. The essential meaning of his death as a victim of sacrifice is widely recognized, but there is more to the sacrificial representation than many realize. Jesus is not, for example, described in the New Testament only as a Passover lamb. That type of lamb sacrifice had nothing to do with addressing sin. His sacrifice involved concepts beyond Passover. Jesus and his early followers drew upon Jewish Scriptures to describe his death in light of several other Israelite practices and traditions, such as Day of Atonement rituals, guilt-sacrifice, and more. In this book, Tatlock draws upon his understanding of ancient sacrifice to explain the complex portrayal of the crucifixion in the New Testament. He shares about his personal challenges and insights in a series of daily reflections for the Lenten season or for any other time of the year.

FORGIVENESS

THE GREATEST HEALER OF ALL

Simon and Schuster This handsome little book is unique in that it is about practical spirituality and is written, like Dr. Jampolsky's other books, in very simple, down-to-eart, easy-to-understand language. It explains why many of us find it so difficult to fogive, why we shoudl fogive, how to forgive, and why we don't forgive. Forgiveness also explains how the mind works in this process and points out the toxic, negative side effects of being unforgiving and the havoc it can play on our body and on our life. It also shows the physical and spiritual benefits of forgiving.

ATONEMENT

Oxford University Press, USA "The doctrine of the Atonement is the distinctive doctrine of Christianity. Over the course of many centuries of reflection, highly diverse interpretations of the doctrine have been proposed. In the context of this history of interpretation, Eleonore Stump considers the doctrine afresh with philosophical care. Whatever exactly the Atonement is, it is supposed to include a solution to the problems of the human condition, especially its guilt and shame. Stump canvasses the major interpretations of the doctrine that attempt to explain this solution and argues that all of them have serious shortcomings. In their place, she argues for an interpretation that is both novel and yet traditional and that has significant advantages over other interpretations, including Anselm's well-known account of the doctrine. In the process, she also discusses love, union, guilt, shame, forgiveness, retribution, punishment, shared attention, mind-reading, empathy, and various other issues in moral psychology and ethics."--

JUSTICE BEYOND 'JUST US'

DILEMMAS OF TIME, PLACE, AND DIFFERENCE IN AMERICAN POLITICS

Routledge Notions of justice and community in the United States are increasingly challenged by trends like immigration, multiculturalism, and economic inequality as well as historical legacies like Jim Crow-era racial segregation. These dynamics continually re-shape the communities in which people live, whether by generating new forms of interdependency and inequality, creating new social cleavages or exacerbating existing ones, or generating new spaces in which cross-boundary contact, conflict, or cooperation is possible. Revealing the ways in which notions of justice and community overlap in American politics and public discourse through concrete political questions which emerge when considering dimensions of time, place, and difference, Gregory W. Streich offers a fresh re-examination of the normative ideas of justice and community. He encourages Americans to move from a view of justice that applies only to people who are "like us" to a view of justice that applies to people beyond "just us."

A LITERARY HISTORY OF RECONCILIATION

POWER, REMORSE AND THE LIMITS OF FORGIVENESS

Bloomsbury Publishing From William Shakespeare to Marilynne Robinson, this book examines representations of interpersonal reconciliation in works of literature, focusing on how these representations draw on the language of divine forgiveness. Christian theology sees divine forgiveness as conditional upon a sinner's remorse and self-abasement before God, but also as a form of grace – unconditional and rooted only in divine love. Van Dijkhuizen explores what happens when this paradoxical forgiveness paradigm comes to serve as a template for interpersonal reconciliation. As A Literary History of Reconciliation shows, literary writers imagine interpersonal reconciliation as being centrally about power and hierarchy, and present forgiveness without power as longed for but ever elusive. Drawing on major works of literature from the early modern era to the present day, this book explores works by

John Milton, Virginia Woolf, J.M. Coetzee, Ian McEwan and others to craft a literary history that will appeal to readers interested in literature, religion and philosophy.

RESENTMENT'S VIRTUE

JEAN AMERY AND THE REFUSAL TO FORGIVE

Temple University Press Most current talk of forgiveness and reconciliation in the aftermath of collective violence proceeds from an assumption that forgiveness is always superior to resentment and refusal to forgive. Victims who demonstrate a willingness to forgive are often celebrated as virtuous moral models, while those who refuse to forgive are frequently seen as suffering from a pathology. Resentment is viewed as a negative state, held by victims who are not "ready" or "capable" of forgiving and healing. *Resentment's Virtue* offers a new, more nuanced view. Building on the writings of Holocaust survivor Jean Améry and the work of the South African Truth and Reconciliation Commission, Thomas Brudholm argues that the preservation of resentment can be the reflex of a moral protest that might be as permissible, humane or honorable as the willingness to forgive. Taking into account the experiences of victims, the findings of truth commissions, and studies of mass atrocities, Brudholm seeks to enrich the philosophical understanding of resentment.
