Standard Corporation Records

Congressional Record

Proceedings and Debates of the ... Congress

*The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)*

## Authors and Subjects

### The British Defence of Egypt, 1935-1940

### Conflict and Crisis in the Eastern Mediterranean

*Psychology Press* A comprehensive and challenging analysis of the British defence of Egypt, primarily against fascist Italy, in the critical lead-up period to the Second World War. Culminating in the decisive defeat of the Italian military threat at Sidi Barrani in December 1940, this is a fascinating new contribution to the field. The security of Egypt, a constant of British imperial strategy, is a curiously neglected dimension of the still burning appeasement debate. Steven Morewood adds to the originality of his interpretation by suggesting the old view should be reinstated: that Mussolini should and could have been stopped in his empire-building at the Abyssinian hurdle. Thereafter, as Nazi Germany tore the Versailles peace settlement to shreds, the drift to war accelerated as British resolve and credibility were brought into question. The fascist dictators in Rome and Berlin held no respect for weakness and Mussolini became the conduit through which Hitler could apply pressure to a sensitive British interest through reinforcing Libya at critical moments.

### United States Congressional Serial Set

### Who's who Among North American Authors

"Covering the United States and Canada [with their possessions and neighbors] and containing the biographical and literary data of living authors whose birth or activities connect them with the continent of North America, with a press section devoted to journalists and magazine writers" (varies slightly).

## British Fantasy and Science-fiction Writers, 1918-1960

*Gale / Cengage Learning Essays on British writers of fantasy and science fiction, including dark fantasy and supernatural horror. Includes lesser-known authors who made their own small but significant contributions to this field. Discusses the impact of pulp magazines and other new magazines that focused on subgenres such as romance fiction, adventure fiction, Western fiction, and eventually fantasy and science fiction, and utopian literature, a predecessor and close cousin of science fiction.*

## The Exile of George Grosz

## Modernism, America, and the One World Order

*Univ of California Press The Exile of George Grosz examines the life and work of George Grosz after he fled Nazi Germany in 1933 and sought to re-establish his artistic career under changed circumstances in New York. It situates Grosz's American production specifically within the cultural politics of German exile in the United States during World War II and the Cold War. Basing her study on extensive archival research and using theories of exile, migrancy, and cosmopolitanism, McCloskey explores how Grosz's art illuminates the changing cultural politics of exile. She also foregrounds the terms on which German exile helped to define both the limits and possibilities of American visions of a one world order under U.S. leadership that emerged during this period. This book presents Grosz's work in relation to that of other prominent figures of the German emigration, including Thomas Mann and Bertolt Brecht, as the exile community agonized over its measure of responsibility for the Nazi atrocity German culture had become and debated what Germany's postwar future should be. Important too at this time were Grosz's interactions with the American art world. His historical allegories, self-portraits, and other works are analyzed as confrontational responses to the New York art world's consolidating consensus around Surrealism and Abstract Expressionism during and after World War II. This nuanced study recounts the controversial repatriation of Grosz's work, and the exile culture of which it was a part, to a German nation perilously divided between East and West in the Cold War.*
