## **THE WORLD'S LEADING GRAND PRIX AND SUPERBIKE ANNUAL - 45TH YEAR OF PUBLICATION**

---

*MOTOCOURSE 2020-2021 celebrates its 45th year of publication - and despite the World pandemic throwing the sport into chaos, what a year it was for motorcycle racing! In a thrilling MotoGP season, Marc Marquez and Honda were expected to be the dominant force once more, but an accident in the opening round saw him side-lined for much of the season and left him with but a slim chance of*

retaining his MotoGP crown. Other riders stepped up in his absence and shared out victories. Ducati's Andrea Dovizioso, and Yamaha's trio of Maverick Vinales, Fabio Quartararo and Franco Morbidelli all took to the top step of the podium. The emergence of KTM as a race winning machine saw both Brad Binder and Miguel Oliveira join the list of first time winners, in a close fought battle for supremacy throughout the whole of the MotoGP field. Once again, Valentino Rossi defied the years to remain at the sharp end of the grid, whilst the Suzuki pair of Alex Rins and Joan Mir both looked equally capable of adding to the list of winners in an enthralling contest for the title. Editor Michael Scott provides a no-holds-barred assessment of all the aspects of a compelling season's action. MOTOCOURSE alone has full coverage of the support classes, Moto2 and Moto3, where Italian riders Luca Marini, Estea Bastinanini, Marco Bezzecchi were contenders to clinch the Moto2 crown, whilst Albert Arenas, Ai Ogura and John McPhee hotly disputed the Moto3 title. In World Superbikes, Kawasaki's dominance was challenged by Ducati's Scott Redding, with Jonathan Rea looking to retain his championship title for the sixth successive year, ahead of the chasing pack including Alavaro Bautista, Chaz Davies and Yamaha's Michael van der Mark. No book covers the motorcycle racing world in as much detail as MOTOCOURSE, which, in addition to the two major world series covers The World Supersport Championship, The British Superbike Championship and the AMA USA Superbike series. Incredible value for money, with 304 large-format pages, bursting with over 450 stunning colour photographs from the world's finest photographers, MOTOCOURSE covers it all. No wonder MOTOCOURSE is regarded worldwide as 'The Bible of Motorcycle Racing'.

## RIDING MAN

---

*For 100 years, the Isle of Man Tourist Trophy races have been the world's most dangerous organized sporting event. As one of thirty thousand fans who attended the annual spectacle, Mark Gardiner harbored no illusions about his own skill or bravery. He was, however, an avid motorcyclist for whom the race represented a boyhood dream. He went home, quit his job, sold everything he owned, and returned to the Island to race there himself. Riding Man is the account of an Everyman, struggling to qualify for -- and survive -- the TT races. If you're a dreamer, the lesson in this book is that the pursuit of any worthwhile goal involves risks, rewards and, almost inevitably some regrets. If you're not a dreamer, the lesson is more important: the deepest regrets are always over risks not taken.*

## THERE I WAS

---

*Steidl / Edition7L There I Was marks a shift in medium and a conceptual departure for Collier Schorr. She is best known for her photographic studies of a real and imagined town in southern Germany, works which tease the accepted artifice of photography to forge an appropriated remembrance of German histories. Schorr found drawing a more acute medium to describe events that took place in the neighbourhoods of her childhood, specifically the muscle car counter culture of the 1960s in Long Island and Queens, NY. This history is related through the short but spectacular life of charismatic 19 year-old drag car racer Charlie Astoria Chas Synder and his 67 Ko-Motion Corvette. At the age of four Schorr accompanied her father, an automotive photographer and journalist, to a local race track where she watched Astoria Chas work on his car. A subsequent article followed, with the now eerie headline While Astoria Chas is doing his thing in Vietnam his friends are racing his L-88. By the time the article was published, Charlie Snyder had died in action in Vietnam. There I Was is Snyder's story and Schorr's dilemma. He was there, she was not. The project examines the role of the photograph as proof of the photographer's presence, territory and view, and the difficulty of representing any past without the theatricality of re-staging it. Based entirely on photography, the book engages with the medium and simultaneously challenges the role of the photograph as document of the past. Using a collision of source materials for the drawings, beginning with her fathers images and Snyders own snapshots taken in Vietnam, Schorr then draws from professional reportage pictures, so as to describe, literally sketch out, one monumental trip from Queens to Vietnam and back. These drawings are contrasted by reproductions of vintage car magazine articles and Schorr's own photograph portraits. There I Was is a complex and multi-faceted look at escape, culture, dreams and mortality, conjuring up an expressionistic portrait of the dichotomies of the late 1960s in a fractured wartime America.*
