4000 Essential English Words Essential English Grammar: A Complete Study of Clauses & Important Sentence Constructions Dorrance Publishing **Advanced Everyday English With Audio CD** Montserrat Publishing "Advanced Everyday English is designed in very much the same mode as the first book (Practical Everyday English with audio CD) in that all of the examples will contain vocabulary and expressions you have studied on earlier pages. You will also find many words from the first book, which will give you an opportunity to revise the material. In this second book there is more of what one might call "serious" vocabulary, but there are plenty of phrasal verbs and idioms as well. The book will be of particular benefit to those readers with an advanced level of English who wish to become (or who already are) interpreters, translators or teachers of English, or who simply want to be able to speak and understand English at a very high level. In addition, people who need to read English language journals or converse in English on a daily basis, either in business or for pleasure, will find it very useful."--Publisher's description.

While Nigerians often claim they are masters of dancing on the brink without falling off, the disastrous administration of President Goodluck Jonathan, the radical Islamic insurrection Boko Haram, and escalating violence in the delta and the north may finally provide the impetus that pushes it into the abyss of state failure. In this thoroughly updated edition, John Campbell explores Nigeria's post-colonial history and presents a nuanced explanation of the events and conditions that have carried this complex, dynamic, and very troubled giant to the edge. Central to his analysis are the oil wealth, endemic corruption, and elite competition that have undermined Nigeria's nascent democratic institutions and alienated an increasingly impoverished population. However, state failure is not inevitable, nor is it in the interest of the United States. Campbell provides concrete new policy options that would not only allow the United States to help Nigeria avoid state failure but also to play a positive role in Nigeria's political, social, and economic development. **Collins COBUILD Essential English Dictionary** *Collins* The Collins COBUILD Essential English Dictionary is an engaging, illustrated dictionary aimed at elementary and pre-intermediate learners of English of all ages. Billions of automated systems tacitly contribute to the social construction of reality by drawing algorithmic distinctions between the visible and the invisible, the relevant and the irrelevant, the likely and the unlikely - on and beyond platforms. Drawing on the work of Pierre Bourdieu, this book develops an original sociology of algorithms as social agents, actively participating in social life. Through a wide range of examples, Massimo Airoidi shows how society shapes algorithmic code, and how this culture in the code guides the practical behaviour of the code in the culture, shaping society in turn. The 'machine habitus' is the generative mechanism at work throughout myriads of feedback loops linking humans with artificial social agents, in the context of digital infrastructures and pre-digital social structures. Machine Habitus will be of great interest to students and scholars in sociology, media and cultural studies, science and technology studies and information technology, and to anyone interested in the growing role of algorithms and AI in our social and cultural life. **ESSENTIAL ENGLISH 4 TEACHER'S PACK** No other description available. **Essential English Phrases** *Geddes & Grosset, Limited* **Essential**
