### **A HISTORIAN'S MOTORCYCLE JOURNEYS IN THE AMERICAN WEST**

---

*University Press of Colorado* Finalist for the Colorado Book Award (History) In *Old Blue's Road*, historian James Whiteside shares accounts of his motorcycle adventures across the American West. He details the places he has seen, the people he has met, and the personal musings those encounters prompted on his unique journeys of discovery. In 2005, Whiteside bought a Harley Davidson Heritage Softail, christened it "Old Blue," and set off on a series of far-reaching motorcycle adventures. Over six years he traveled more than 15,000 miles. Part travelogue and part historical tour, this book takes the reader along for the ride. Whiteside's travels to the Pacific Northwest, Yellowstone, Dodge City, Santa Fe, Wounded Knee, and many other locales prompt consideration of myriad topics—the ongoing struggle between Indian and mainstream American culture, the meaning of community, the sustainability of the West's hydraulic society, the creation of the national parks system, the Mormon experience in Utah, the internment of Japanese Americans during World War II, and more. Delightfully funny and insightful, *Old Blue's Road* links the colorful history and vibrant present from Whiteside's unique vantage point, recognizing and reflecting on the processes of change that made the West what it is today. The book will interest the general reader and western historian alike, leading to new appreciation for the complex ways in which the American West's past and present come together.

### **A RAIN CITY INCIDENT**

---

A second-chance at love, Jane Austen style, on motorcycles. Or is that fire sparked by a 900cc bike sliding sideways down a backcountry highway? Or is it merely a soggy journey from Tumalo to Denio to Winnemucca to Zion, while the White-Bone Demon seeks to destroy hope? Eliot Arden is a Seattle artisan and handywoman. Her put-together life worked well until she met Destiny, a teenage orphan who needs stability and mentoring as an artist. Eliot needs cash, right now, to secure Destiny's future. A short-term job slams Eliot back a decade, riding her rebuilt BMW R100RS down the road not taken. Sean Frederick Wentworth, the manga artist, has the artistic career of his dreams. He's producing a new mini-series that tells his mythic story backwards: the journey through the U.S. West that was the creative genesis of his famous steampunk characters. The only catch: a demonic

ex-partner who seeks to destroy Sean's new project. Ten years ago, Eliot and Sean enjoyed a brief affair of the heart. However, they couldn't conquer the contradictions: artist versus artisan, East Coast versus West Coast, fame versus solitude. On this new Journey to the West, though, dreams and desires might heat up like red slickrock in the sun. *Artemis in the Desert* is a workplace adventure story where the workplace is a motorcycle journey across the American Great Basin. This story includes colorful language and sexual situations, plus humiliating scenes where motorcycles are dropped by the riders.

## **BLIND CURVES**

---

---

## **A WOMAN, A MOTORCYCLE, AND A JOURNEY TO REINVENT HERSELF**

---

*Skyhorse + ORM* A widowed woman finds new life on the road in a memoir that is “much more than a motorcycle diary. It is about overcoming loss and reinventing oneself” (Library Journal). Recently widowed and feeling adrift in a drab, uninspired life, fifty-seven-year-old Linda Crill had tried to follow all the one-size-fits-all advice she could find—and she was still miserable. Then, out of the blue, she had an idea. Trading her corporate suits for motorcycle leathers, Linda committed herself to a 2,500-mile road trip down America’s Pacific Northwest coast on a Harley Davidson motorcycle. Along with a group of fellow travelers, Linda undertook a white-knuckled, exhilarating road trip from Vancouver, Canada, to the wine country of Mendocino, California. Along the way she encountered washed-out mountain roads, small town hospitality, humming redwoods, and acceptance from gentle, caring souls who just happened to have tattoos and piercings. By heading into the unknown and rounding the “blind curve,” she faced her fears, revisited her core beliefs, and discovered not only a broader range of possibilities on the horizon, but also the fuel to embrace them and make them happen. Funny, irreverent, and extraordinarily honest, *Blind Curves* is “a must-read for baby boomers hungry to change the direction of the second half of their lives” (Long Rider Magazine).

## MY LIFE IN BIKES

---

---

### A 50-YEAR LOVE OF DUCATI, MOTO GUZZI, AND OTHER MOTORCYCLES

---

*Independently Published* Dave Richardson bought his first motorcycle at 14. He wasn't much of a racer but wanted motorcycles to be his life. After a few odd jobs, he became a partner in newly-forming Moto International, and in no time, was thrust into running it. "It's a motorcycle shop. How hard can it be?" How hard indeed? Dave thought the hard part would be attracting customers. He never dreamed of the unexpected challenges. In these pages, the author of Guzziology tells the surprising story of dealing with banks, motorcycle manufacturers and distributors, defense contractors, finance companies, the public, and the EPA. He tells of fixing problems ignored by manufacturers, advocating for improvements in bikes, and trying to get distributors to fix customer's bikes. His career in motorcycle shops spanned 34 years, representing at various times Aprilia, Cagiva, Ducati, Husqvarna, Hyosung, KTM, Laverda, MuZ, and Ural. But always, Moto Guzzi.

With his infectious enthusiasm and idiosyncratic humour, Billy goes searching for the beauty of ordinariness and bumps into all manner of weird and wonderful people along the way. He learns how to be a bear whisperer, pans for gold with prospectors, learns how to square dance, kayaks through ice floes between fishing trips, runs bare-assed into a sweat lodge, and attempts the finer complexities of the Inuit language. He jams with fiddlers, kisses a cod, goes hunting for Big Foot, and invokes the spirit of the ancients while iceberg-harvesting. With as many laugh-out-loud moments as they are poignant ones, Journey to the Edge of the World is more than just an informative and entertaining travel guide - it is time spent exclusively in the company of an irascible national treasure.

### CUBA IN THE AGE OF RAÚL, OBAMA, AND THE ROLLING STONES

---

*Vintage* Cuba has loomed large in American memory and history. Throughout the last half-century, the island and its larger-than-life revolutionary leader have been key players in the Cold War and mythologized by Americans and American politicians. In 2016, relations thawed, and the country opened its doors to American. The Rolling Stones played in Havana. President Obama arrived too in March. He was the first President to visit the nation almost 100 years—since Coolidge in 1928. And then Fidel Castro passed away in November 2016, marking the end of the momentous era in Cuban history. In *The Day Fidel Died*, Patrick Symmes interweaves reporting from years spent traveling to the Cuban Island, a narrative history of the rise of Fidelismo and the last sixty-plus years of life there under Fidel. Symmes' exploration of the Castros' Cuba—how it came to be and what it's becoming—paints a wondrous and striking portrait of the nation, its culture, politics and people for anyone first undertaking a trip or those still dreaming of doing so. A Vintage Shorts ebook original.
