The three friends come face-to-face with a plague of poots and "Big Julie"—the weirdest alien yet! Meanwhile Peter discovers a secret that has been hidden for decades. Will his discovery save Earth, or is it already too late to stop the aliens from destroying the planet? **My Two Heavens A Life in French Food, from Martinborough to Montjoux** Penguin Random House New Zealand Limited A memoir of restaurateur and chef Jo Crabb, the story of her enviable life between Martinborough and southern France, with recipes from her cooking school Careme. Jo Crabb and her husband artist Stephen Allwood spend most of the year in Martinborough, Jo running her cooking classes from Palliser Estate vineyard and Stephen painting full-time. Jo and Stephen moved to Martinborough in 1995, right at the beginning of the wine and food culture boom. They ran the famous Caf Medici in Martinborough for 11 years before setting up the Careme in 2009, and it's fast becoming an institution amongst the Wellington dinner party set. Jo runs beginner cooking courses from 'easy' right up to 'master', mostly focusing on her love for French cooking techniques. This is the story of Jo's life in food, filled with recipes, and the story of finally realising her greatest aspiration by buying a house in France profonde - deepest France, beautifully illustrated with Stephen's drawings and paintings. **Mysticism, Myth and Celtic Identity** Routledge Mysticism, Myth and Celtic Identity explores how the mythical and mystical past informs national imaginations. Building on notions of invented tradition and myths of the nation, it looks at the power of narrative and fiction to shape identity, with particular reference to the British and Celtic contexts. The authors consider how aspects of the past are reinterpreted or reimagined in a variety of ways to give coherence to desired national groupings, or groups aspiring to nationhood and its 'defence'. The coverage is unusually broad in its historical sweep, dealing with work from prehistory to the contemporary, with a particular emphasis on the period from the eighteenth century to the present. The subject matter includes notions of ancient deities, Druids, Celticity, the archaeological remains of pagan religions, traditional folk tales, racial and religious myths and ethnic politics, and the different types of returns and hauntings that can recycle these ideas in culture. Innovative and interdisciplinary, the scholarship in Mysticism, Myth and Celtic Identity is mainly literary but also geographical and historical and draws on religious studies, politics and the social sciences. Thus the collection offers a stimulatingly broad number of new viewpoints on a matter of great topical relevance: national identity and the politicization of its myths. **mySAP ERP For Dummies** John Wiley & Sons SAP is the world's leading provider of ERP software and services, with worldwide revenue in 2004 of \$9.7 billion and a 57 percent market share among major business application providers; it is one of the world's largest software companies overall ERP is a flexible, open technology platform that helps businesses run more efficiently (and profitably) by providing integrated management of key operations and supply chains Written for IT professionals who find it hard to get through SAP's complex documentation, our book demonstrates how ERP can cut costs, provides a clear overview of how the ESA (enterprise service architecture) model affects ERP, and shows how to implement the new ERP in the real world Topics covered include reducing the cost of an existing IT backbone, using the new ERP to address a company's "pain points" and challenges, and proving the value of ERP through ROI (return on investment) and TCO (total cost of ownership) studies **MySQL Cookbook Solutions for Database Developers and Administrators** "O'Reilly Media, Inc." But her party planning is off to a bad start when Frank and Joe discover that someone has keyed her very expensive car—an early birthday present—and has put the mean prank up on YouView. Soon after the prank goes viral, a group calling themselves the Scaredevils begin to film themselves committing acts of violent vandalism around town. Broken windows, Dumpster fires, and more threaten the security of Lindsay's party—and of Lindsay herself. Frank and Joe are determined to figure out who is the mastermind behind the videos before Lindsay's Sweet Sixteen turns into a party she will never forget...for all the wrong reasons. **My Windows 8 Consumer Preview A Sneak Peek at the Windows 8 Public Beta** Que Publishing This book gives you a first look at the exciting new features in Windows 8 Consumer Preview, the beta version of the operating system Microsoft released to the public on February 29, 2012. Chances are good that you've already heard about the flashy new Metro style of the Windows 8 interface. The new look may be the biggest news item you've been hearing about, but the changes in Windows 8 go far beyond the surface design changes. Windows 8 is a new program from the ground up, meaning that the experience it offers you will be much different from any version of Windows you've used before. Windows 8 is fast and fluid, bringing you the updates you need quickly, while providing reliable access to the programs and files you depend on as you go about your daily tasks. Whether you are sharing photos, checking your social media accounts, designing a presentation, or listening to your favorite podcast, Windows 8 gives you the means to move through your tasks smoothly in any order or combination you choose. Some folks welcome this kind of new energy in technology; others aren't so sure a complete makeover is a good idea. Whichever camp you find yourself in, this book will help you learn more about what you can expect from Windows 8. Some of the biggest changes we'll discuss in this book include: Navigating the new Start screen, customizing Start screen colors, and displaying your favorite apps as you want them to appear Using live tiles to get the latest information for your favorite apps Using touch and mouse-based techniques to personalize your Windows 8 experience and work with files, folders, and more Enhancing the security of your system by changing your Lock Screen, adding a picture password, and creating a PIN logon Learning to work fluidly with open apps, cycling through open apps, docking apps, and closing or suspending apps you no longer need Using the Refresh and Reset tools to give your computer a fresh start if you're having computer problems Shopping for apps in the Windows Store, installing apps on your computer, and adding ratings and reviews to let other shoppers know what you think Browsing with the sleek and streamlined Internet Explorer 10 **My Time as Caz Hazard** Orca Book Publishers Caz thinks she has a pretty good reason when she punches her boyfriend in the face, but she gets expelled anyway. Moving to a new school, she is told she is dyslexic and sent to special education classes.
