Hey, Ram!

Notion Press "Hey, Ram! Do you remember me? Your Sita!" "Sita who?" "Come on! You can't forget me so quickly! You, Lord Ram, the greatest king ever and the noblest man to have walked on earth, have you forgotten your obedient and subservient wife, an insignificant and dispensable being, the dirt under your feet?" "Oh yes! It is indeed you, Sita! My queen, my love, my life! But why do I sense a hint of sarcasm in your voice? I thought you would be delighted. You've gained so much through our marriage: wealth, respect, status, motherhood, and even divinity! But you seem to be complaining?" "Yes, my Swami, you are so right. I was really blessed to have you as my husband. I enjoyed the status of a maharani and a goddess. But what about my rights as your wife? What about my identity and dignity? What about my sufferings through indictment and banishment without even a trial? What about the sufferings of our sons who had to live like the destitute?" Thus explodes the volcano simmering inside the wife's heart. However, she maintains her dignity as she bares her soul and confronts the system, lawmakers and guardians, leaving her mighty husband tight-lipped and speechless. A heart wrenching story of Sita seeking justice for herself and her sons, as she tries to surmise her identity and place in her family and society. A work of fictional poetry by Pushpa Bansal as she takes her first steps into the world of English literature.

Vaadivasal

A Story about a Bull and the One who Captures it

Summary Start With Why

Createspace Independent Publishing Platform Start with Why - A Complete Summary Start with Why is a book written by Simon Sinek. Someone may ask, what is so special about this book? In this book, Sinek discusses success, but not in the usual, "follow these steps to achieve anything you want," way. Sinek uses a different approach than readers tend to find in other literature of the same type. The very first premise that the author uses to lead us into his book is a premise that contains one simple word: why. Why do some people reach success while others do not? Why do some groups manage to team-up and endure challenges, thus succeeding, while others fail to do so? What is it that makes some people different from others when it comes to achieving success? The entire book revolves around that question word. But the interesting thing about it, which eventually leads to even more interesting conclusion, is that there is an answer to this "why." Sinek uses many examples from real life and from people he knew or had researched, and shows how they managed to succeed. By using these examples, the author shows his readers that if others can succeed, so can we. When it comes to practical answers to "why," the author invests significant effort in finding all the answers. Start with Why is an intriguing and fascinating read, which will surely make readers ask themselves this simple, yet tricky question: why? Here Is A Preview Of What You Will Get: - A summarized version of the book. - You will find the book analyzed to further strengthen your knowledge. - Fun multiple choice quizzes, along with

answers to help you learn about the book. Get a copy, and learn everything about *Start with Why*.

The Eye of the Serpent

An Introduction to Tamil Cinema

Tranquebar This is a quintessential book for Cinema buffs and particularly those who are passionate about Tamil cinema, which has the distinction of having played a significant role in history of films in India. Tracing the evolution of Tamil films from the time of pre-independence, when it was anathema for local Congress leaders to be associated with the celluloid, to the arrival of an American, Ellis

Dungan, who made masterpieces like Meera, the book showcases vignettes about every important milestone in the vast canvas of Tamil films. In the almost ten decades of its evolution, Tamil cinema has grown to exert a dominant influence on the social and political life of Tamil Nadu in a manner that is unparalleled elsewhere in the world. This seminal volume is an analytical study of Tamil cinema both as an art form and as a socio-political force. Theodore Baskaran traces its history, and presents the achievements of many filmmakers with colourful insights. For the film buff as well as the serious student of film studies, The Eye of the Serpent is a handy reference book on several aspects of Tamil cinema - its character and evolution, the songs and songwriters, filmmakers and script writers, the beginnings of the unique nexus between cinema and politics in Tamil Nadu and much more.

India's Health System

Oxford University Press, USA India is one of the fastest-growing economies in the world. Yet health is not a part of our ambitious development story. In fact, India's disproportionately stingy healthcare budget makes some of the poorer nations look better in comparison. Statistics, however, speak louder than critics: we have one of the highest numbers of women dying in childbirth and under-five mortality rates. Every year nearly sixty million people get pushed below the poverty line due to the health expenditures that they incur. But there are a few bright spots too: India has eradicated polio and reversed the incidence of HIV/AIDS by an impressive margin. Drawing on her experience as the former union health secretary, K. Sujatha Rao gives us an unsparingly candid insider's view of India's health system. This richly detailed book favours increasing the health budget, greater use of technology, and providing leadership and good governance. Rao argues that unless good health is prioritized as a national goal, India's growth story will remain largely self-congratulatory.

Bhaja Govindam

A Song of Sri Sankara

Acorn Alliance Sri Sankara, the Hindu sage, is said to have "crossed the ocean of Maya as easily as one steps over a small irrigation channel in the field". Here the great Indian politician and religious scholar. C Rajagopalachari interprets the 'Baja Govindam'. He gives spiritual meaning and practical application to each of 31 verses of this great hymn. This is the original English translation of the Tamil text.

Script Development

Critical Approaches, Creative Practices, International Perspectives

Springer Nature This book offers the first international look at how script development is theorised and practiced. Drawing on interviews, case studies, discourse analysis, creative practices and industry experiences, it brings together scholars and practitioners from around the world to offer critical insights into this core, but often hidden, aspect of screenwriting and screen production. Chapters speculate and reflect upon how creative, commercial and social practices - in which ideas, emotions, people and personalities combine, cohere and clash - are shaped by the practicalities, policies and rapid movements of the screen industry. Comprising two parts, the book first looks 'into' script development from a theoretical perspective, and second looks 'out from' the practice to form practitioner-led

perspectives of script development. With a rising interest in screenwriting and production studies, and an increased appetite for practice-based research, the book offers a timely mapping of the terrain of script development, providing rich foundations for both study and practice.

Guns & Thighs

The Story of My Life

Rupa Publications India In these delightfully candid musings about his life and his cinema, RGV reveals the man behind pioneering Telugu and Hindi films such as Shiva, Rangeela, Satya, Sarkar, Bhoot and Company. Discussing a wide range of subjects, from the influences and circumstances that drew him to films to his cinematic techniques, his successful and unsuccessful films, his Bollywood idols, his relations with the media and the controversies dogging him, Guns & Thighs is as much about RGV's life and philosophy of life as about his films and the Indian film world. Characteristically, he pulls no punches, whether he's talking about movies, women or the media. Even when it comes to his own films, he embraces his failures as much his successes and dissects them with rare honesty and humility. Refreshingly contrarian and politically incorrect, this book discloses a perspective as colourful and larger than life as Indian films. It is not for RGV fans alone but for all those passionate about cinema and the people associated with it.

Global Tax Fairness

Oxford University Press This book addresses sixteen different reform proposals that are urgently needed to correct the fault lines in the international tax system as it exists today, and which deprive both developing and developed countries of critical tax resources. It offers clear and concrete ideas on how the reforms can be achieved and why they are important for a more just and equitable global system to prevail. The key to reducing the tax gap and consequent human rights deficit in poor countries is global financial transparency. Such transparency is essential to curbing illicit financial flows that drain less developed countries of capital and tax revenues, and are an impediment to sustainable development. A major break-through for financial transparency is now within reach. The policy reforms outlined in this book not only advance tax justice but also protect human rights by curtailing illegal activity and making available more resources for development. While the reforms are realistic they require both political and an informed and engaged civil society that can put pressure on governments and policy makers to act.

Queering Narratives of Domestic Violence and Abuse

Victims and/or Perpetrators?

Springer Nature This book is the first to focus on violent and/or 'abusive' behaviours in lesbian, gay, bisexual and/or transgender, non-binary gender or genderqueer people's intimate relationships. It provides fresh empirical data from a comprehensive mixed-methods study and novel theoretical insights to destabilise and queer existing narratives about intimate partner violence and abuse (IPVA). Key to the analysis, the book argues, is the extent to which Michael Johnson's landmark typology of IPVA can be used to make sense of the survey data and accounts of 'abusive' behaviours given by LGB and/or T+ participants. As well as calling for IPVA scholars to challenge heteronormativity and cisnormativity and improve IPVA measurement, this book offers guidance and a new tool to assist practitioners from a variety of relationships services with identifying victims/survivors and perpetrators in LGB and/or T+ people's relationships. It will appeal to academics and practitioners in the field of domestic violence and abuse.

Matrimania

*Hatje Cantz All that is great about a country and all that is wrong with it can be summarised by a single wedding, says Indian photographer Mahesh Shantaram (*1977) and member of Agence VU'. In his documentary work, he mostly studies the complex societal system of his home country. Working as a wedding photographer, he had privileged access to a cross-section of celebrations of the Indian upper- and middle-class society. Young adults assume the role of princes and princesses in a Bollywood-like fantasy often choreographed by their parents. On the periphery, a multitude of workers entertain crowds, cater to thousands of guests, and keep the show going on for days. Using images culled from over 150 weddings and created in the course of six years, the photo series Matrimania constructs a fictional narrative--an alternative wedding album--that depicts one long wedding night in India. Matrimania is a personal take on 21st century India's contradictions seen through the prism of its wedding culture.*

A Concise History of South India

Issues and Interpretations

Oxford University Press, USA The course of south Indian history from pre-historic times to the contemporary era is a complex narrative with many interpretations. Reflecting recent advances in the study of the region, this volume provides an assessment of the events and socio-cultural development of south India through a comprehensive analysis of its historical trajectory. Investigating the region's states and configurations, this book covers a wide range of topics that include the origins of the early inhabitants, formation of the ancient kingdoms, advancement of agriculture, new religious movements based on bhakti, and consolidation of centralized states in the medieval period. It further explores the growth of industries in relation to the development of East-West maritime trade in the Indian Ocean as well as the wave of Islamicization and the course of commercial relations with various European countries. The book then goes on to discuss the advent of early-modern state rule, impact of the raiyatwari system introduced by the British, debates about whether the region's economy developed or deteriorated during the eighteenth century, decline of matriliney in Kerala, emergence of the Dravidian Movement, and the intertwining of politics with contemporary popular culture. Well illustrated with maps and images, and incorporating new archaeological evidence and historiography, this volume presents new perspectives on a gamut of issues relating to communities, languages, and cultures of a macro-region that continues to fascinate scholars and readers alike.

Em and the Big Hoom

Penguin UK Brilliantly comic and almost unbearably moving, Jerry Pinto's *Em and the Big Hoom* is one of the most powerful and original fiction debuts of recent years. She was always Em to us. There may have been a time when we called her something ordinary like Mummy, or Ma, but I don't remember. She was Em, and our father, sometimes, was the Big Hoom. In a tiny flat in Bombay Imelda Mendes - Em to her children - holds her family in thrall with her flamboyance, her manic affection and her cruel candour. Her husband - to whom she was once 'Buttercup' - and her two children must bear her 'microweathers', her swings from laugh-out-loud joy to dark malevolence. In *Em and the Big Hoom*, the son begins to unravel the story of his parents: the mother he loves and hates in the same moment and the unusual man who courted, married and protected her - as much from herself as from the world. 'It is utterly persuasive and deeply affecting: stylistically adventurous it is never self-indulgent; although suffused with pain it shows no trace of self-pity. Parts of it are extremely funny, and its pages are filled with endearing and eccentric characters' Amitav Ghosh 'Pinto chases the elusive portrait of a mother who simply said of herself that she was mad. As I read this novel, that also portrays a very tender marriage and the life of a Goan family in Bombay, it drowned me. I mean that in the best way. It plunged me into a world so vivid and capricious, that when I finished, I found something had shifted and changed within myself. This is a world of magnified and dark emotion. The anger is a primal force, the sadness wild and raw. Against this, the jokes are hilarious, reckless, free falling This is a rare, brilliant book, one that is wonderfully different from any other that I have read coming out of India' Kiran Desai 'A child's-eye view of madness and sorrow, full of love, pain, and, unaccountably, much wild comedy. ne of the very best books to come out of India in a long, long time' Salman Rushdie Jerry Pinto has been a mathematics tutor, school librarian and journalist and is now associated with MelJol, an NGO that works in the sphere of child rights. He has edited several anthologies including, most recently, an anthology on his native city, Mumbai.

Cultures of Mediatization

John Wiley & Sons What does it mean that we can be reached on our mobile phones wherever we are and at all times? What are the cultural consequences if we are informed about 'everything and anything important' via television? How are our political, religious and ethnic belongings impacted through being increasingly connected by digital media? And what is the significance of all this for our everyday lives? Drawing on Hepp's fifteen-year research expertise on media change, this book deals with questions like these in a refreshingly straightforward and readable way. 'Cultures of mediatization' are described as cultures whose main resources are mediated by technical media. Therefore, everyday life in cultures of mediatization is 'moulded' by the media. To understand this challenging media change it is inappropriate to focus on any one single medium like television, the press, mobile phones, the Internet or other forms of digital media. One has to capture the 'mediatization' of culture in its entirety. *Cultures of Mediatization* outlines how this can be done critically. In so doing, it offers a new way of thinking about our present-day media-saturated world.

The Kept

A Novel

Harper Collins "Dark and mysterious. . . . A novel whose daring is found in its bleakness. . . . The plot unfolds with a weighty languor reminiscent of Cormac McCarthy. . . sparse, elegant. . . haunting." — New York Times Set in rural New York state at the turn of the twentieth century, superb new talent James Scott makes his literary debut with The Kept—a propulsive novel reminiscent of the works of Michael Ondaatje, Cormac McCarthy, and Bonnie Jo Campbell, in which a mother and her young son embark on a quest to avenge a terrible and violent tragedy that has shattered their secluded family. In the winter of 1897, a trio of killers descends upon an isolated farm in upstate New York. Midwife Elspeth Howell returns home to the carnage: her husband, and four of her children, murdered. Before she can discover her remaining son Caleb, alive and hiding in the kitchen pantry, another shot rings out over the snow-covered valley. Twelve-year-old Caleb must tend to his mother until she recovers enough for them to take to the frozen wilderness in search of the men responsible. A scorching portrait of a merciless world—of guilt and lost innocence, atonement and retribution, resilience and sacrifice, pregnant obsession and primal adolescence—The Kept introduces an old-beyond-his-years protagonist as indelible and heartbreaking as Mattie Ross of True Grit or Jimmy Blevins of All the Pretty Horses, as well as a shape-shifting mother as enigmatic and mysterious as a character drawn by Russell Banks or Marilynne Robinson.
