History of a Chinese Muslim Family

Beijing : Chinese Literature Press

Dislocating China

Reflections on Muslims, Minorities, and Other Subaltern Subjects

C. HURST & CO. PUBLISHERS This book seeks to challenge the way in which China and Chinese-ness is generally understood, privileged on a central tradition, a core culture, that tends to marginalise or peripheralise anything or anyone who does not fit that essential core. The Hui Muslim Chinese discussed in this volume demonstrate that one can be an integral part of Chinese society and yet challenge many of our assumptions about that society itself. For that reason they and other so-called minority ethnics have generally been ignored by Western scholarship.

Muslim Chinese

Ethnic Nationalism in the People's Republic

Harvard Univ Asia Center This second edition of Dru Gladney's critically acclaimed study of the Muslim population in China includes a new preface by the author, as well as a valuable addendum to the bibliography, already hailed as one of the most extensive listing of modern sources on the Sino-Muslims.

China

A History in Art

Islam in the Era of Globalization

Muslim Attitudes towards Modernity and Identity

Routledge Globalization, modernity and identity are fundamental issues in contemporary Islam and Islamic Studies. This collection of essays reflects the wide diversity that characterises contemporary Islamic Studies. The case studies cover regions stretching from China and Southeast Asia to diaspora communities in the Caribbean and Tajikistan. There is significant participation of intellectual voices from all areas concerned, providing a real contribution to the academic exchange between the Muslim and the Euro-American worlds.

Journey to the West

Ancient History of China

Simon and Schuster China is one of the world's oldest uninterrupted civilizations, and the essential culture and identity of the Chinese people--the Chinese Way--was formed more than 2,000 years ago. This volume chronicles the development of Chinese civilization from Neolithic times, when agriculture revolutionized society, to the early first century A.D., when the Han dynasty's triumph over a usurper firmly established a social and governmental model that would survive into the 20th century. Ancient History of China presents China's important formative legends; relates the story of China's early Bronze and Iron Age cultures; chronicles the chaotic periods of warfare that preceded the unification of the country in the third century B.C.; and introduces such influential figures as the philosopher Confucius and the emperor Shi Huang Di, who built the Great Wall and commissioned the sculpting of a huge terra-cotta army to guard his grave. Students will be fascinated by this fast-moving and informative account.

The Jade Lily

Allen & Unwin 'Manning renders Shanghai as a riot of flavors, sights, and sounds, its elegance clashing against gritty poverty in this exquisite window into the past.' - Booklist, starred review 'Kirsty Manning has woven, blended, sewn the threads of history, family secrets, the past and the present into a page-turning, beautiful novel. Her talent for researching and writing a seamless dual-narrative story with characters reflecting tragedy and trauma lived, and survived, will enthrall and educate. Her approach and style to the multiple cultures and countries reinforces that humanity will rise above evil. The Jade Lily is a story rich in the elements of plot, characters, and unselfish love leading to hope: the last thing to die.' - Heather Morris, author of the bestselling The Tattooist of Auschwitz In 2016, fleeing London with a broken heart, Alexandra returns to Australia to be with her grandparents, Romy and Wilhelm, when her grandfather is dying. With only weeks left together, her grandparents begin to reveal the family mysteries they have kept secret for more than half a century. In 1939, two young girls meet in Shanghai, the 'Paris of the East': beautiful local Li and Viennese refugee Romy form a fierce friendship. But the deepening shadows of World War Two fall over the women as Li and Romy slip between the city's glamorous French Concession and the desperate Shanghai Ghetto. Eventually, they are forced separate ways as Romy doubts Li's loyalties. After Wilhelm dies, Alexandra flies to Shanghai, determined to trace her grandparents' past. As she peels back the layers of their hidden lives, she begins to question everything she knows about her family - and herself. A gorgeously told tale of female friendship, the price of love, and the power of hardship and courage to shape us all. 'This is a rich, sensual, and evocative novel, fragrant with the smell of crushed herbs and flowers, and haunted by the high cost that women must sometimes pay to find both love and their vocation.' Kate Forsyth on The Midsummer Garden '...compelling, passionate and admirable.' Australian Women's Weekly on The Midsummer Garden

This is China

The First 5,000 Years

Berkshire Publishing This Is China contains, in brief, everything we need to know about 5,000 years of history, 30 years of "opening," and a future that promises to shape the 21st century for all of us. Drawn from the vast resources of the Berkshire Encyclopedia of China, this concise 120-page book is recommended for classroom use, curriculum development, and student review.

An Outline History of Classical Chinese Literature

Joint

Chinese Jade

From the Neolithic to the Qing

Art Media Resources Limited The Chinese have revered the mystery and magic of jade since ancient times. This authoritative book provides an up-to-date and comprehensive survey of six thousand years of development, from the earliest cultures to the twentieth century. The author describes and assesses the variety of roles and functions, ritual and ceremonial, which jade has played in China. Recent discoveries from hitherto little known neolithic cultures of around 3000 BC have highlighted the extraordinary skills of the craftsmen and the complexity of the cultures that supported them. Other remarkable finds include the precursors of the famous jade suits, which range from jade plaques and shrouds dating from about 900 BC to superb pendants and sword fittings carved for a king buried near Canton in around 122 BC. This catalogue describes over 300 outstanding pieces from Sir Joseph Hotung's collection, which spans the history of jade in China. Drawing upon the very latest archaeological research to set jade in its historical and artistic context, this work will stand as a definitive reference for many years to come. In her wide-ranging introduction to the catalogue the author analyses the arguments and sets out new views, supplementing this major essay with a series of shorter introductions to the chronological sections into which the jades of different types, shapes and functions have been divided. The book is fully illustrated throughout with specially commissioned photographs of each piece from the collection, all in color, along with comparative examples from the rich collection of the British Museum.

Doing Business in China

Psychology Press China may soon be the biggest economy in the world. This book is a practical guide to business practices, market conditions, negotiations, organizations, networks and the business environment in China. It is aimed specifically at Western and non-Chinese businesses and managers.

Doing Business in China

Taylor & Francis China has changed dramatically since the first edition of *Doing Business in China* was published in 2000, but the second, third and now this fourth edition have kept pace with the rapid developments. China is now far more international but the fundamental business culture has not altered greatly. The new edition of this highly successful textbook offers Western and non-Chinese businesspeople a theoretical framework for the understanding of business practices, markets, negotiations, organizations, networks and the Chinese business context. Building on the strengths of the previous editions, the book provides a guide to market entry, managing operations and marketing in this unique social and cultural environment by including: Factors that lead to business success 14 new or revised case studies, including include windfarms, fine wines and new consultancy businesses Discussion of marketing issues, notably products, pricing, distribution, advertising and promotion Dos and don'ts when choosing business partners and negotiating Guides to further resources in local cultures to help businesses tailor their strategies to local conditions. Offering a fresh look at the evolving marketplaces and their interactions with government and the army, the fourth edition of *Doing Business in China* will continue to be the preferred text for international students of Chinese business and management studies and for practitioners with an eye on China.

A Short Cultural History

Opusculum de Sectis apud Sinenses et Tunkinenses

A Small Treatise on the Sects among the Chinese and Tonkinese

Cornell University Press This 1750 text, written by a Catholic missionary in Tonkin, is the earliest known systematic first-hand account of Vietnamese religious practice, including chapters on Confucianism, Buddhism, the worship of spirits, magicians, fortune tellers and diviners, and Christianity in the region. It was recently discovered in a Paris archive and will be of interest to a broad array of scholars. Includes a facsimile of the original manuscript.

The Origin of Chinese Deities

Beijing : Foreign Languages Press

A Mythological Approach to Exploring the Origins of Chinese Civilization

Springer Nature Is the lion the symbol of China? Or should it be the dragon or the phoenix? This book makes a provocative interpretation of the Chinese ancient totems such as the bear and the owl. Taking a mythological approach, it explores the origin of Chinese civilization using the quadruple evidence method, which integrates ancient and unearthed literature, oral transmission, and archeological objects and graphs. It testifies to the authenticity of unresolved ancient myths and legends from the origins of Chinese Jade Ware (6200BC-5400 BC) to the names of the Yellow Emperor (2698-2598 BC) and the legends from the Xia (2010BC-1600BC), Shang (1600BC-046BC), Zhou (1046BC-771BC), and Qin (221BC-206BC) Dynasties. The book lays the foundation for a reconstruction of Chinese Mythistory. With well over 200 photographs of historic artifacts, the book appeals to both researchers and general readers.

Routledge Handbook of Early Chinese History

Routledge The study of early China has been radically transformed over the past fifty years by archaeological discoveries, including both textual and non-textual artefacts. Excavations of settlements and tombs have demonstrated that most people did not lead their lives in accordance with ritual canons, while previously unknown documents have shown that most received histories were written retrospectively by victors and present a correspondingly anachronistic perspective. This handbook provides an authoritative survey of the major periods of Chinese history from the Neolithic era to the fall of the Latter Han Empire and the end of antiquity (AD 220). It is the first volume to include not only a comprehensive review of political history but also detailed treatments of topics that transcend particular historical periods, such as: Warfare and political thought Cities and agriculture Language and art Medicine and mathematics Providing a detailed analysis of the most up-to-date research by leading scholars in the field of early Chinese history, this book will be useful to students and scholars of Chinese history, Asian archaeology, and Chinese studies in general.

The Chinese Classics

A Brief History of China

Dynasty, Revolution and Transformation: From the Middle Kingdom to the People's Republic

Tuttle Publishing A comprehensive, yet entertaining look at China's history through a modern lens. For millennia, China was the largest and richest nation on earth. Two centuries ago, however, its economy sank into a depression from which it had not fully recovered—until now. China's modern resurgence as the world's largest nation in terms of population and its second-largest economy—where 800 million people have been lifted out of poverty in the space of a few decades—is the greatest untold story of the 21st century. A Brief History of China tells of the development of a rich and complex civilization where the use of paper, writing, money and gunpowder were widespread in ancient times and where silk, ceramics, tea, metal implements and other products were produced and exported around the globe. It examines the special conditions that allowed a single culture to unify an entire continent spanning 10 billion square kilometers under the rule of a single man—and the unbelievably rich artistic, literary and architectural heritage that Chinese culture has bequeathed to the world. Equally fascinating is the story of China's decline in the 19th and early 20th century—as Europeans and Americans took center stage—and its modern resurgence as an economic powerhouse in recent years. In his retelling of a Chinese history stretching back 5,000 years, author and China-expert Jonathan Clements focuses on the human stories which led to the powerful transformations in Chinese society—from the unification of China under its first emperor, Qinshi Huangdi, and the writings of the great Chinese philosophers Confucius and Laozi, to the Mongol invasion under Genghis Khan and the consolidation of Communist rule under Mao Zedong. Clements even brings readers through to the present day, outlining China's economic renaissance under Deng Xiaoping and Xi Jinping. What really separates this book from its counterparts is the focus on women, and modern themes such as diversity and climate change. Chinese history is typically told through the stories of its most famous men, but Clements' telling gives women equal time and research—which introduces readers of this book to equally important, but less commonly-known facts and historical figures. Often seen in the West in black or white terms—as either a savage dystopia or a fantastical paradise—China is revealed in the book as an exceptional yet troubled nation that nevertheless warrants its self-description as the Middle Kingdom.

Death by a Thousand Cuts

Harvard University Press In Beijing in 1904, multiple murderer Wang Weiqin became one of the last to suffer the extreme punishment known as lingchi, called by Western observers "death by a thousand cuts." This is the first book to explore the history, iconography, and legal contexts of Chinese tortures and executions from the 10th century until lingchi's abolition in 1905.

The Story of China

A portrait of a civilisation and its people

Simon and Schuster 'A learned, wise, wonderfully written single volume history of a civilisation that I knew I should know more about' Tom Holland 'Masterful and engrossing...well-paced, eminently readable and well-timed. A must-read for those who want - and need - to know about the China of yesterday, today and tomorrow' Peter Frankopan China's story is extraordinarily rich and dramatic. Now Michael Wood, one of the UK's pre-eminent historians, brings it all together in a major new one-volume history of China that is essential reading for anyone who wants to understand its burgeoning role in our world today. China is the oldest living civilisation on earth, but its history is still surprisingly little known in the wider world. Michael Wood's sparkling narrative, which mingles the grand sweep with local and personal stories, woven together with the author's own travel journals, is an enthralling account of China's 4000-year-old tradition, taking in life stationed on the Great Wall or inside the Forbidden City. The story is enriched with the latest archaeological and documentary discoveries; correspondence and court cases going back to the Qin and Han dynasties; family letters from soldiers in the real-life Terracotta Army; stories from Silk Road merchants and Buddhist travellers, along with memoirs and diaries of emperors, poets and peasants. In the modern era, the book is full of new insights, with the electrifying manifestos of the feminist revolutionaries Qiu Jin and He Zhen, extraordinary eye-witness accounts of the Japanese invasion, the Great Famine and the Cultural Revolution under Chairman Mao, and fascinating newly published sources for the great turning points in China's modern history, including the Tiananmen Square crisis of 1989, and the new order of President Xi Jinping. A compelling portrait of a single civilisation over an immense period of time, the book is full of intimate detail and colourful voices, taking us from the desolate Mongolian steppes to the ultra-modern world of Beijing, Shanghai and Hong Kong. It also asks what were the forces that have kept China together for so long? Why was China overtaken by the west after the 18th century? What lies behind China's extraordinary rise today? The Story of China tells a thrilling story of intense drama, fabulous creativity and deep humanity; a portrait of a country that will be of the greatest importance to the world in the twenty-first century.

The Emperors of China

Silver Burdett Press Text and lavish photographs present the artistic treasures of Ch'in Shih Huang-ti, first Chinese emperor, and his successors.

A Companion to Modern Chinese Literature

John Wiley & Sons This wide-ranging Companion provides a vital overview of modern Chinese literature in different geopolitical areas, from the 1840s to now. It reviews major accomplishments of Chinese literary scholarship published in Chinese and English and brings attention to previously neglected, important areas. Offers the most thorough and concise coverage of modern Chinese literature to date, drawing attention to previously neglected areas such as late Qing, Sinophone, and ethnic minority literature Several chapters explore literature in relation to Sinophone geopolitics, regional culture, urban culture, visual culture, print media, and new media The introduction and two chapters furnish overviews of the institutional development of modern Chinese literature in Chinese and English scholarship since the mid-twentieth century Contributions from leading literary scholars in mainland China and Hong Kong add their voices to international scholarship

Chinese Myths and Legends

The Monkey King and Other Adventures

Tuttle Publishing This colorfully illustrated multicultural children's book presents Chinese fairy tales and other folk stories—providing insight into a vibrant literary culture. Chinese Myths and Legends is a delightful collection of seven classic Chinese stories that make for great reading adventures. From the stories of Pan Gu and Nu Wo, creators of the world, to Bai Su-Tzin, a snake who took on human form and found true love, this mesmerizing book includes myths of creation, mortality, and love. More than just a Chinese children's storybook, Chinese Myths and Legends also explores the origins of each tale, as well as its impact on Chinese culture and history, inviting you and the children you love to enjoy the many layers of meaning. The included pronunciation guide, as well as information for further reading, makes this a perfect tool for educators, librarians, and parents.

ACH encourages high-quality submissions. In order to carry out our non-discrimination principles, we use a double-blind system of peer review. ACH covers the entire spectrum of research, including the following topics: culture, history, arts, anthropology, archaeology, religion, philosophy, politics, education, laws and linguistics.

Myths of the Creation of Chinese

Springer Nature Drawing on the sun, moon, dragon, phoenix, Nuwa, Yandi, Huangdi and other widely circulated cultural elements as examples, this book addresses the development and evolution of the most representative Chinese creation myths regarding nature, totems, ancestors and saints. The book not only interprets key creation myths, but also elaborates on the connection between the myths and some of the core values and concepts in Chinese civilization. For example, the long and jade culture is rooted in the Yellow Emperor's revered jade weapon. Further, the book reveals the kernels of truth in the myths by presenting new research findings and research methods.

Jade

A Study in Chinese Archaeology and Religion

The two minerals nephrite and jadeite, popularly comprised under the name jade, belong to the hardest and most cherished materials of which primitive man availed himself in shaping his chisels, hatchets, ornaments, amulets and many other implements. Such objects, partially of considerable antiquity, have been found in many parts of the world--in Asia, New Zealand, in prehistoric Europe and America. -- Introduction.

Jade Dragon Mountain

Thorndike Press A New York Times Bestselling Author On the mountainous border of China and Tibet in 1708, an imperial librarian in exile must choose whether to leave China forever, or stay and investigate a murder that the town seems all too willing to forget.

A Thousand Pieces of Gold : an Anthology

Oxford University Press, USA Over a hundred pieces of writing are included in this collection, ranging in time from the sixth century BC to the modern day. They include excerpts from missionaries' letters home to diary excerpts, short stories, songs, and poetry. Chinese and Western writers are represented, offering a literary history of Chinese women. -- Publisher's description.

Transforming Monkey

Adaptation and Representation of a Chinese Epic

University of Washington Press An analysis of historical, transcultural, and transmedia adaptation, *Transforming Monkey: Adaptation and Representation of a Chinese Epic* examines the ever-changing image of Sun Wukong (aka Monkey, or the Monkey King), in literature and popular culture both in China and the United States. A protean protagonist of the sixteenth century novel *Journey to the West* (*Xiyou ji*), the Monkey King's image has been adapted in distinctive ways for the representation of various social entities, including China as a newly founded nation state, the younger generation of Chinese during the postsocialist period, and the representation of the Chinese and Chinese American as a social other in American popular culture. The juxtaposition of various manifestations of the same character in the book present the adaptation history of Monkey as a masquerade, enabling readers to observe not only the masks, but also the mask-wearers, as well as underlying factors such as literary and political history, state ideologies, market economies, issues of race and ethnicity, and politics of representation and cross-cultural translation *Transforming Monkey* demonstrates the social and political impact of adaptations through the hands of its users while charting the changes to the image of Sun Wukong in modern history and his participation in the construction and representation of Chinese identity. The first manuscript focusing on the transformations of the Monkey King image and the meanings this image carries, *Transforming Monkey* argues for the importance of adaptations as an indivisible part of the classical work, and as a revealing window to examine history, culture, and the world.
